## APPROVAL OF FINANCIAL STATEMENTS

### APPROVAL OF ACCOUNTING OFFICER

I am responsible for the preparation of these annual financial statements year ended 30 June 2024, which are set out on pages 1 to 123 in terms of Section 126 (1) of the Municipal Finance Management Act and which I have signed on behalf of the Municipality. The annual financial statements have been prepared in accordance with GRAP.

I acknowledge that I am ultimately responsible for the system of internal financial control and that the system of internal control provides reasonable assurance that the financial records can be relied on.

I have reviewed the Municipality's cash flow forecast for the year to 30 June 2025 and current financial position and I am satisfied that the Municipality remains a going concern for the foreseeable future.

The external auditors are responsible for independently reviewing and reporting on the Municipality's financial statements.

I certify that the remuneration of Councillors and in-kind benefits are within the upper limits of the framework envisaged in Section 219 of the Constitution, read with the Remuneration of Public Officer Bearers Act and the Minister of Provincial and Local Government's determination in accordance with this Act.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1 ACCOUNTING POLICIES

#### 1.01 BASIS OF PREPARATION

The financial statements have been prepared on an accrual basis of accounting and are in accordance with historical cost convention, unless specified otherwise.

The financial statements have been prepared in accordance with the Municipal Finance Management Act (MFMA) and effective standards of Generally Recognised Accounting Practices (GRAP), including any interpretations, guidelines and directives issued by the Accounting Standards Board (ASB) in accordance with Section 122(3) of the Municipal Finance Management Act, (Act No 56 of 2003).

Accounting policies for material transactions, events or conditions not covered by the GRAP reporting framework, have been developed in accordance with paragraphs 8, 10 and 11 of GRAP 3 and the hierarchy approved in Directive 5 issued by the Accounting Standards Board.

Assets, liabilities, revenue and expenses have not been offset, except when offsetting is permitted or required by a Standard of GRAP.

The accounting policies applied are consistent with those used to present the previous year's financial statements, unless explicitly stated otherwise. The details of any changes in accounting policies are explained in the relevant notes to the financial statements.

A summary of the significant accounting policies, which have been consistently applied except where an exemption has been granted, are disclosed below.

#### 1.02 TRANSITIONAL PROVISIONS

The Municipality resolved to take advantage of the following transitional provisions:

In term of Directive 7 - "The Application of Deemed Cost on the Adoption of Standards of GRAP", the Municipality applied deemed cost to Investment Property, Property, Plant and Equipment and Intangible Assets where the acquisition cost of an asset could not be determined.

#### 1.03 PRESENTATION CURRENCY

The financial statements are presented in South African Rand, rounded off to the nearest Rand, which is the Municipality's functional currency.

#### 1.04 GOING CONCERN ASSUMPTION

These financial statements have been prepared on a going concern basis.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.05 COMPARATIVE INFORMATION

#### 1.05.1 Prior year comparatives

When the presentation or classification of items in the financial statements are amended, prior period comparative amounts are restated, unless a standard of GRAP does not require the restatement of comparative information. The nature and reason for the reclassification is disclosed.

Where material accounting errors, which relate to prior periods, have been identified in the current year, the correction is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly.

Where there has been a change in accounting policy in the current year, the adjustment is made retrospectively as far as is practicable, and the prior year comparatives are restated accordingly.

#### 1.05.2 Amended Accounting Policies

Amendments to accounting policies are reported as and when deemed necessary based on the relevance of any such amendment to the format and presentation of the financial statements. No significant amendments were made to the accounting policy in the current year.

### 1.06 MATERIALITY

Material omissions or misstatements of items are material if they could, individually or collectively, influence the decision or assessments of users made on the basis of the financial statements. Materiality depends on the nature or size of the omission or misstatements judged in the surrounding circumstances. The nature or size of the information item, or a combination of both, could be the determining factor. Materiality is determined as 1% of total operating expenditure. This materiality is from management's perspective and does not correlate with the auditor's materiality.

### 1.07 BUDGET INFORMATION

Budget information is presented on the accrual basis and is based on the same fiscal period as the actual amounts.

The Statement of Comparison of Budget and Actual Amounts includes the comparison between the approved and final budget amounts, as well as a comparison between the actual amounts and final budget amounts.

The disclosure of comparative information in respect of the previous period is not required by the Standards of GRAP.

### 1.08 NEW STANDARDS, AMENDMENTS TO STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE

#### 1.08.1 Effective dates determined

Where a Standard of GRAP has been issued but is not yet effective, the Municipality may resolve to early adopt such a Standard of GRAP if an effective date has been determined by the Minister of Finance.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.08 NEW STANDARDS, AMENDMENTS TO STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE (CONTINUED)

The Municipality resolved not to early adopt the following Standard of GRAP which was issued but is not yet effective:

#### 1.08.1.1 GRAP 104 (Revised 2019) - Financial Instruments (effective 1 April 2025)

The objective of this Standard is to establish principles for recognising, measuring, presenting and disclosing financial instruments. This Standard was revised to align it with IFRS 9 on Financial Instruments.

The impact of the revised Standard may be significant on the financial statements, due to the following key changes to the Standard:

- (a) Changes in the classification of instruments for subsequent measurement – financial assets are measured at either amortised cost or fair value based on the reason why they are held and their economic characteristics. Specific liabilities are measured at fair value, and all others are measured at amortised cost.
- (b) The approach to impairing financial assets changed from an incurred loss to an expected loss model. As indicated in the name, expected losses estimate the expected default of financial assets over a period of time rather than only recognising an impairment loss when an event occurs.
- (c) Loan commitments and financial guarantee contracts are recognised and measured differently. They are no longer in the scope of GRAP 19 on Provisions, Contingent Liabilities and Contingent Assets. When entering into these transactions there is an economic consequence that exposes an entity to risk. Accounting for them as financial instruments best captures this risk exposure.
- (d) With the changes in the classification of instruments and impairment approach, there is new information that GRAP 104 requires entities to disclose.

#### 1.08.1.2 iGRAP 22 - Foreign Currency Transactions and Advance Consideration (effective 1 April 2025)

This Interpretation addresses how to determine the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or revenue (or part of it) on the derecognition of a non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration in a foreign currency.

No significant impact is expected as the Municipality is not exposed to any foreign currency transactions.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.08 NEW STANDARDS, AMENDMENTS TO STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE (CONTINUED)

#### 1.08.2 Effective dates not yet determined

Where a Standard of GRAP has been issued but is not yet effective and the Minister of Finance has not yet determined an effective date for implementation, the Municipality may select to apply the principles established in that standard in developing an appropriate accounting policy dealing with a particular section or event.

The following Standards of GRAP have been issued but are not yet effective as the Minister of Finance has not yet determined the effective date for application:

##### 1.08.2.1 GRAP 103 (Revised 2022) - Heritage Assets

The objective of this Standard is to prescribe the accounting treatment for heritage assets and related disclosure requirements.

Preliminary investigations indicate that this revised Standard may have a significant impact with regards to heritage assets which have a dual purpose. Even though some heritage assets can have cultural significance while being used in delivering services, the revised Standard will now require that all heritage assets be accounted for using GRAP 103. A consequence of this amendment is that a heritage asset will no longer be depreciated. Instead, a heritage asset should be tested for impairment when an impairment indicator has been triggered.

##### 1.08.2.2 GRAP 105 (Revised 2023) - Transfer of Functions Between Entities Under Common Control

This Standard of GRAP was revised in order to align to IPSAS 40 on Public Sector Combinations and IFRS 3 on Business Combinations.

The impact of this Standard on the financial statements will not be significant, as the Municipality is not currently party to, or foresee that it will be party to any transfers of functions in the near future.

##### 1.08.2.3 GRAP 106 (Revised 2023) - Transfer of Functions Between Entities Not Under Common Control

This Standard of GRAP was revised in order to align to IPSAS 40 on Public Sector Combinations and IFRS 3 on Business Combinations.

The impact of this Standard on the financial statements will not be significant, as the Municipality is not currently party to, or does not foresee that it will be party to any transfers of functions in the near future.

##### 1.08.2.4 GRAP 107 (Revised 2023) - Mergers

This Standard of GRAP was revised in order to align to IPSAS 40 on Public Sector Combinations and IFRS 3 on Business Combinations.

The impact of this Standard on the financial statements will not be significant, as the Municipality is not currently party to, or does not foresee that it will be party to any mergers in the near future.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### **1.08 NEW STANDARDS, AMENDMENTS TO STANDARDS AND INTERPRETATIONS ISSUED BUT NOT YET EFFECTIVE (CONTINUED)**

#### *1.08.2.5 Amendments to GRAP 1 on Presentation of Financial Statements (2022)*

The amendments to the Standard clarifies how to apply going concern assumption in the public sector and improve disclosure on related judgements and conclusions.

The impact of these amendments to the Standard on the financial statements will not be significant.

#### *1.08.2.6 Improvements to the Standards of GRAP (2023)*

The effect of the improvements to the current pronouncements to the Standard of GRAP is considered insignificant. The improvements mainly relates to the clarification of accounting principles.

### **1.09 RESERVES**

#### **1.09.1 Accumulated Surplus**

The accumulated surplus/deficit represents the net difference between the total assets and the total liabilities of the Municipality. Any surpluses and deficits realised during a specific financial year are credited/debited against accumulated surplus/deficit. Prior year adjustments relating to income and expenditure, are debited/credited against accumulated surplus when retrospective adjustments are made.

#### **1.09.2 Capital Replacement Reserve (CRR)**

In order to finance the provision of infrastructure and other items of property, plant and equipment from internal sources, amounts are transferred from the accumulated surplus to the CRR. The CRR is ring-fenced within Accumulated Surplus.

The following provisions are set for the creation and utilisation of the CRR:

- (a) The cash funds that back up the CRR are invested until utilised.
- (b) The CRR may only be utilised for the purpose of purchasing items of property, plant and equipment, and may not be used for the maintenance of these items.
- (c) Whenever an asset is purchased out of the CRR, an amount equal to the cost price of the asset is transferred from the CRR and the accumulated surplus is credited by a corresponding amount.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.10 INVESTMENT PROPERTY

#### 1.10.1 Initial Recognition

Investment property includes property (land or a building, or part of a building, or both land and buildings held under a finance lease) which earn rentals and/or being held for capital appreciation. These properties are not held to meet service delivery objectives, the production or supply of goods or services for administration purposes nor for the sale of an asset in the ordinary course of operations. Property with a currently undetermined use is also classified as investment property.

Investment property is recognised as an asset when it is probable that the future economic benefits or service potential that are associated with the investment property will flow to the Municipality, and the cost or fair value of the investment property can be measured reliably.

Investment property is initially measured at cost on its acquisition date. The cost of investment property is the purchase price and other costs attributable to bring the asset to a condition necessary for it to be capable of operating in the manner intended by the Municipality.

Where an investment property is acquired through a non-exchange transaction, its cost is measured at its fair value as at the date of acquisition and any other costs attributable to bring the asset to a condition necessary for it to be capable of operating in the manner intended by the Municipality. The cost of self-constructed investment property is the cost at date of completion. Transfers are made to or from investment property only when there is a change in use.

Where investment property is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, its deemed cost is the carrying amount of the asset(s) given up.

#### 1.10.2 Subsequent Measurement – Cost Model

Subsequent to initial recognition, items of investment property are measured at cost less accumulated depreciation and any accumulated impairment losses. Land is not depreciated as it is deemed to have an indefinite useful life.

#### 1.10.3 Depreciation – Cost Model

Depreciation of an asset begins when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by the Municipality. Depreciation of an asset ceases at the date that the asset is derecognised.

Depreciation is calculated on the depreciable amount, using the straight-line method over the estimated useful lives of the assets. The depreciation charge for each period is recognised in Statement of Financial Performance, unless it is included in the carrying amount of another asset.

The depreciation method is reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

At each reporting date the Municipality assesses whether there is any indication that expectations about the residual value and the useful life of an asset may have changed since the preceding reporting date. If any such indication exists, the expected residual value and useful life are revised and the effect of any changes in estimate accounted for on the prospective basis.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.10 INVESTMENT PROPERTY (CONTINUED)

The annual depreciation rates are based on the following estimated useful lives:

	YEARS
Land	Indefinite

#### 1.10.4 Impairment

Investment property is reviewed at each reporting date for any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. The impairment recognised in the Statement of Financial Performance is the excess of the carrying value over the recoverable amount.

An impairment is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined had no impairment been recognised. A reversal of an impairment is recognised in the Statement of Financial Performance.

#### 1.10.5 Derecognition

An investment property is derecognised on disposal or when the investment property is permanently withdrawn from use and no future economic benefits or service potential are expected from its disposal.

Gains or losses arising from the retirement or disposal of investment property is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the Statement of Financial Performance in the period of the retirement or disposal.

Compensation from third parties for items of investment property that were impaired, lost or given up is recognised in the Statement of Financial Performance when the compensation becomes receivable.

### 1.11 PROPERTY, PLANT AND EQUIPMENT

#### 1.11.1 Initial Recognition

Property, plant and equipment are tangible non-current assets that are held for use in the production or supply of goods or services, rental to others, or for administrative purposes, and are expected to be used during more than one year.

The cost of an item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits or service potential associated with the item will flow to the Municipality, and the cost or fair value of the item can be measured reliably.

Items of property, plant and equipment are initially recognised at cost on its acquisition date. The cost of an item of property, plant and equipment is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the Municipality. Trade discounts and rebates are deducted in arriving at the cost. The cost also includes the necessary costs of dismantling and removing the asset and restoring the site on which it is located.

Where an asset is acquired through a non-exchange transaction, the cost is deemed to be equal to the fair value of that asset as at date of acquisition and any other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the Municipality.

Where an item of property, plant and equipment is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value was not determinable, its deemed cost is the carrying amount of the asset(s) given up.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.11 PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

When significant components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Spare parts and standby equipment which are expected to be used for more than one period, are included in property, plant and equipment.

#### 1.11.2 Subsequent Measurement - Cost Model

Subsequent to initial recognition, items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses. Land is not depreciated as it is deemed to have an indefinite useful life.

Where the Municipality replaces parts of an asset, it derecognises the part of the asset being replaced and capitalises the new component. Subsequent expenditure incurred on an asset is capitalised when it increases the capacity or future economic benefits or service potential associated with the asset.

#### 1.11.3 Depreciation

Depreciation of an asset begins when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by the Municipality. Depreciation of an asset ceases at the date that the asset is derecognised.

Depreciation is calculated on the depreciable amount, using the straight-line method over the estimated useful lives of the assets. The depreciation charge for each period is recognised in the Statement of Financial Performance, unless it is included in the carrying amount of another asset.

At each reporting date the Municipality assesses whether there is any indication that expectations about the residual value and the useful life of an asset may have changed since the preceding reporting date. If any such indication exists, the expected residual value and useful life are revised and the effect of any changes in estimate are accounted for on a prospective basis.

The annual depreciation rates are based on the following estimated useful lives:

	YEARS
Land	Indefinite
Buildings	15 - 100
Infrastructure	10 - 120
Community	30 - 100
Leased Assets	3 - 5
Landfill Site Rehabilitation (Per Cell)	4 - 5
Landfill Site Rehabilitation (Post Monitoring)	104
Computer Equipment	5 - 15
Furniture and fittings	3 - 50
Machinery and equipment	8 - 32
Office equipment	10 - 100
Vehicles	5 - 37
Specialised Vehicles	5 - 37

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.11 PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

#### 1.11.4 Impairment

Property, plant and equipment is reviewed at each reporting date for any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. The impairment recognised in the Statement of Financial Performance is the excess of the carrying value over the recoverable amount.

An impairment is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined had no impairment been recognised. A reversal of an impairment is recognised in the Statement of Financial Performance.

#### 1.11.5 Derecognition

Items of property, plant and equipment are derecognised when the asset is disposed or when there are no further economic benefits or service potential expected from the use of the asset.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statement of Financial Performance.

Compensation from third parties for items of property, plant and equipment that were impaired, lost or given up is recognised in the Statement of Financial Performance when the compensation becomes receivable.

### 1.12 INTANGIBLE ASSETS

#### 1.12.1 Initial Recognition

An intangible asset is an identifiable non-monetary asset without physical substance.

The Municipality recognises an intangible asset only when it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the Municipality and the cost or fair value of the asset can be measured reliably.

Intangible assets are initially recognised at cost on its acquisition date. The cost of an intangible asset is the purchase price and other costs attributable to bring the asset to the location and condition necessary for it to be capable of operating in the manner intended by the Municipality. Trade discounts and rebates are deducted in arriving at the cost.

Where an intangible asset is acquired through a non-exchange transaction, its initial cost is measured at its fair value at the date of acquisition.

Where an intangible asset is acquired in exchange for a non-monetary asset or monetary assets, or a combination of monetary and non-monetary assets, the asset acquired is initially measured at fair value (the cost). If the acquired item's fair value is not determinable, its deemed cost is the carrying amount of the asset(s) given up.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.12 INTANGIBLE ASSETS (CONTINUED)

Internally generated intangible assets are subject to a strict recognition criteria before they are capitalised. Research expenditure is never capitalised, while development expenditure is only capitalised to the extent that:

- (a) the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- (b) its intention to complete the intangible asset and use or sell it;
- (c) its ability to use or sell the intangible asset;
- (d) how the intangible asset will generate probable future economic benefits or service potential;
- (e) the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- (f) its ability to measure reliably the expenditure attributable to the intangible asset during its development.

#### 1.12.2 Subsequent Measurement - Cost Model

Intangible assets are subsequently carried at cost less accumulated amortisation and any accumulated impairments losses.

#### 1.12.3 Amortisation

The cost of an intangible asset is amortised over the useful life where that useful life is finite. Where the useful life is indefinite, the asset is not amortised but is still subject to an annual impairment test.

Amortisation of an intangible with a finite life asset begins when it is available for use, i.e. when it is in the location and condition necessary for it to be capable of operating in the manner intended by the Municipality. Amortisation ceases at the date that the asset is derecognised.

Amortisation is calculated on the depreciable amount, using the straight-line method over the estimated useful lives of the intangible assets. The amortisation charge for each period is recognised in the Statement of Financial Performance, unless it is included in the carrying amount of another asset.

The residual value of an intangible asset with a finite useful life is considered to be zero.

The amortisation period and amortisation method are reviewed at each reporting date, with the effect of any changes in estimate accounted for on a prospective basis.

The annual amortisation rates are based on the following estimated useful lives:

	Years
Computer Software	10
Computer Software Licences	10

#### 1.12.4 Impairment

Intangible assets are reviewed at each reporting date for any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. The impairment recognised in the Statement of Financial Performance is the excess of the carrying value over the recoverable amount.

An impairment is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined had no impairment been recognised. A reversal of an impairment is recognised in the Statement of Financial Performance.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.12 INTANGIBLE ASSETS (CONTINUED)

#### 1.12.5 Derecognition

Intangible assets are derecognised when the asset is disposed or when there are no further economic benefits or service potential expected from the use of the asset.

The gain or loss arising on the disposal or retirement of an intangible asset is determined as the difference between the sales proceeds and the carrying value and is recognised in the Statement of Financial Performance.

### 1.13 IMPAIRMENT OF NON-MONETARY ASSETS

An impairment is a loss in the future economic benefits or service potential of an asset, over and above the systematic recognition of the loss of the asset's future economic benefits or service potential through depreciation.

Cash-generating assets are assets held with the primary objective of generating a commercial return. Non-cash-generating assets are assets other than cash-generating assets.

The Municipality assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the Municipality estimates the recoverable amount of the asset.

#### 1.13.1 Recoverable amount of Cash-generating assets

The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs to sell and its value in use.

The best evidence of fair value less costs to sell is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

Value in use of a cash-generating asset is the present value of the estimated future cash flows expected to be derived from the continuing use of an asset and from its disposal at the end of its useful life.

#### 1.13.2 Recoverable amount of Non-cash-generating assets

The recoverable service amount is the higher of a non-cash generating asset's fair value less costs to sell and its value in use.

The value in use for a non-cash generating asset is the present value of the asset's remaining service potential. Fair value less costs to sell is the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal.

#### 1.13.3 Impairment loss

If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. That reduction is an impairment loss.

An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in the Statement of Financial Performance.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.13 IMPAIRMENT OF NON-MONETARY ASSETS (CONTINUED)

An impairment loss of assets carried at a revalued amount in accordance with another Standard of GRAP is treated as a revaluation decrease in accordance with that Standard of GRAP.

After the recognition of an impairment loss, the depreciation (amortisation) charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

#### 1.13.4 Reversal of an impairment loss

At each reporting date the Municipality assesses at each reporting date whether there is any indication that an impairment loss recognised in prior periods for assets may no longer exist or may have decreased. If any such indication exists, the recoverable amounts of those assets are estimated.

The increased carrying amount of an asset attributable to a reversal of an impairment loss does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior periods.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation is recognised immediately in the Statement of Financial Performance.

A reversal of an impairment loss of assets carried at a revalued amount in accordance with another Standard of GRAP is treated as a revaluation increase in accordance with that Standard of GRAP.

After the reversal of an impairment loss, the depreciation (amortisation) charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life.

### 1.14 INVENTORIES

#### 1.14.1 Initial Recognition

Inventories are assets:

- (a) in the form of materials or supplies to be consumed in the production process;
- (b) in the form of materials or supplies to be consumed or distributed in the rendering of services;
- (c) held for sale or distribution in the ordinary course of operations; or
- (d) in the process of production for sale or distribution.

Inventories are recognised as an asset if it is probable that future economic benefits or service potential associated with the item will flow to the Municipality, and the cost of the inventories can be measured reliably.

Inventories are initially recognised at cost. Cost generally refers to the purchase price, plus non-recoverable taxes, transport costs and any other costs in bringing the inventories to their current location and condition. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase.

Where inventories are acquired through a non-exchange transaction, the cost is measured at the fair value as at the date of acquisition plus any other costs in bringing the inventories to their current location and condition.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.14 INVENTORIES (CONTINUED)

#### 1.14.2 Subsequent Measurement

When inventories are sold, exchanged or distributed the carrying amount of those inventories are recognised as an expense in the period in which the related revenue is recognised. If there is no related revenue, the expense is recognised when the goods are distributed, or related service is rendered.

Inventories are valued at the lower of cost and net realisable value unless they are to be distributed at no or nominal charge, in which case they are measured at the lower of cost and current replacement cost.

Net realisable value is the estimated selling price in the ordinary course of operations less the estimated costs of completion and the estimated costs necessary to make the sale, exchange or distribution. Current replacement cost is the cost the Municipality would incur to acquire the asset on the reporting date.

The amount of any write-down of inventories to net realisable value or current replacement cost and all losses of inventories are recognised as an expense in the period the write-down or loss occurs.

The amount of any reversal of any write-down of inventories, arising from an increase in net realisable value or current replacement cost, is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

The basis of allocating cost to inventory items is the weighted average method.

Cost of land held for sale is assigned by using specific identification of their individual costs.

### 1.15 EMPLOYEE BENEFITS

Defined-contribution plans are post-employment benefit plans under which the Municipality pays fixed contributions into a separate entity (a fund), and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are recognised in the Statement of Financial Performance in the year during which they become payable.

Defined-benefit plans are post-employment benefit plans other than defined-contribution plans.

#### 1.15.1 Post-Retirement Benefits

The Municipality provides retirement benefits for its employees and councillors. Retirement benefits consist of defined-contribution plans and defined-benefit plans.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.15 EMPLOYEE BENEFITS (CONTINUED)

#### 1.15.1.1 Multi-employer defined contribution plans

The municipality contributes to various defined-contribution plans on behalf of its qualifying employees. These funds are multi-employer funds. The contributions to fund obligations for the payment of retirement benefits are recognised in the Statement of Financial Performance in the year they become payable.

#### 1.15.1.2 Post Retirement Medical Obligations

The Municipality provides post-retirement medical benefits by subsidizing the medical aid contributions of certain retired staff according to the rules of the medical aid funds. Council pays 60% as contribution and the remaining 40% is paid by the members. The entitlement to these benefits is usually conditional on the employee remaining in service up to retirement age and the completion of a minimum service period. The present value of the defined benefit liability is actuarially determined. The plan is unfunded.

Contributions are recognised in the Statement of Financial Performance when employees have rendered the service entitling them to the contribution. The liability is calculated by means of the projected unit credit actuarial valuation method. The liability in respect of current pensioners is regarded as fully accrued, and is therefore not split between a past (or accrued) and future in-service element. The liability is recognised at the present value of the defined benefit obligation at the reporting date, minus the fair value at the reporting date of plan assets (if any) out of which the obligations are to be settled directly, plus any liability that may arise as a result of minimum funding requirements. Payments made by the Municipality are set-off against the liability, including notional interest, resulting from the valuation by the actuaries and are recognised in the Statement of Financial Performance as employee benefits upon valuation.

Actuarial gains and losses arising from the experience adjustments and changes in actuarial assumptions, are recognised in the Statement of Financial Performance in the period that it occurs. These obligations are valued annually by independent qualified actuaries.

Actuarial gains and losses are recognised on the face of the statement of financial performance, while current service cost and interest cost are included as part of employee related cost and finance charges respectively.

### 1.15.2 Long-term Benefits

#### 1.15.2.1 Long Service Awards

Long service awards are provided to employees who achieve certain pre-determined milestones of service within the Municipality. The Municipality's obligation under these plans is valued by independent qualified actuaries annually and the corresponding liability is raised. Payments are set-off against the liability, including notional interest, resulting from the valuation by the actuaries and are recognised in the Statement of Financial Performance as employee benefits upon valuation.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.15 EMPLOYEE BENEFITS (CONTINUED)

Actuarial gains and losses arising from the experience adjustments and changes in actuarial assumptions are recognised in the Statement of Financial Performance in the period that it occurs. These obligations are valued annually by independent qualified actuaries.

Actuarial gains and losses are recognised on the face of the statement of financial performance, while current service cost and interest cost are included as part of employee related cost and finance charges respectively.

#### 1.15.3 Short-term Benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are due to be settled within twelve months after the end of the period in which the employees render the related service.

Short-term employee benefits include items such as:

- Wages, salaries and social security contributions;
- Short-term compensated absences (such as paid annual leave and paid sick leave) where the compensation for the absences is due to be settled within twelve months after the end of the reporting period in which the employees render the related employee service; and
- non-monetary benefits (for example, medical care, and free or subsidised goods or services such as housing, cars and cellphones) for current employees.

When an employee has rendered service to the municipality during a reporting period, the municipality recognise the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service:

- as a liability (accrued expense), after deducting any amount already paid. If the amount already paid exceeds the undiscounted amount of the benefits, the municipality recognise that excess as an asset (prepaid expense) to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund; or
- as an expense, unless another Standard requires or permits the inclusion of the benefits in the cost of an asset.

##### 1.15.3.1 Provision for Staff Leave

Liabilities for annual leave are recognised as they accrue to employees. The liability is based on the total amount of leave days due to employees at reporting date, calculate as follows for purposes of the leave provision:

Permanent employed staff (based on conditions in collective agreement):

Compulsory (annual) leave at Total cost of employment - Leave balance but capped at maximum 12 days

Non-compulsory (accumulated) leave at Basic salary - Leave balance but capped at maximum 48 days

Total leave balance - All available leave but capped at maximum 60 days

Contracted employed staff (based on contract conditions)

Balance of leave not taken at Total cost of employment - All leave days available but not capped

Accumulating leave is carried forward and can be used in future periods if the current period's entitlement is not used in full. All unused leave will be paid out to the specific employee at the end of that employee's employment term. Accumulated leave is vesting.

##### 1.15.3.2 Staff Bonuses Accrued

The liability for staff bonuses is based on the accrued bonus for each employee at reporting date.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.15 EMPLOYEE BENEFITS (CONTINUED)

#### 1.15.3.3 Provision for Performance Bonuses

A provision, if any, in respect of the liability relating to the anticipated costs of performance bonuses payable to Section 57 employees, is recognised as it accrues to Section 57 employees. Provisions are based on the employment contract stipulations as well as previous performance bonus payment trends.

### 1.16 PROVISIONS

A provision is a liability of uncertain timing or amount. Provisions are recognised when the Municipality has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resource embodying economic benefits or service potential will be required to settle the obligation, and a reliable estimate of the provision can be made.

Provisions are reviewed at reporting date and adjusted to reflect the current best estimate of future outflows of resources. Where the effect is material, non-current provisions are discounted to their present value using a discount rate that reflects the market's current assessment of the time value of money, adjusted for risks specific to the liability.

Future events that may affect the amount required to settle an obligation are reflected in the amount of a provision where there is sufficient objective evidence that they will occur. Gains from the expected disposal of assets are not taken into account in measuring a provision. Provisions are not recognised for future operating losses. The present obligation under an onerous contract is recognised and measured as a provision.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, the reimbursement is recognised when it is virtually certain that reimbursement will be received if the Municipality settles the obligation. The reimbursement is treated as a separate asset. The amount recognised for the reimbursement will not exceed the amount of the provision. In the Statement of Financial Performance, the expense relating to a provision may be presented net of the amount recognised for a reimbursement.

A provision for restructuring costs is recognised only when the following criteria over and above the recognition criteria of a provision have been met:

- (a) The Municipality has a detailed formal plan for the restructuring identifying at least:
  - the business or part of a business concerned;
  - the principal locations affected;
  - the location, function and approximate number of employees who will be compensated for terminating their services;
  - the expenditures that will be undertaken; and
  - when the plan will be implemented.
- (b) The Municipality has raised a valid expectation in those affected that it will carry out the restructuring by starting to implement that plan or announcing its main features to those affected by it.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.16 PROVISIONS (CONTINUED)

If it is no longer probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation, the provision is derecognised.

### 1.17 LEASES

A lease is classified as a finance lease if it substantially transfers all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

#### 1.17.1 Municipality as Lessee

##### 1.17.1.1 Finance Leases

At the commencement of the lease term, the Municipality recognises assets acquired under finance leases as assets and the associated lease obligations as liabilities in the Statement of Financial Position.

At the inception of the lease, the assets and liabilities are recognised at the lower of the fair value of the leased property and the present value of the minimum lease payments. The discount rate to be used in calculating the present value of the minimum lease payment is the interest rate implicit in the lease. If the rate implicit to the lease is not available, the Municipality's incremental borrowing rate is used. Any initial direct costs of the Municipality are added to the amount recognised as an asset.

Subsequent to initial recognition, the minimum lease payments are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge are allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent rents, if any, are charged as expenses to the Statement of Financial Performance in the periods in which they are incurred. The leased assets are accounted for in accordance with the stated accounting policies applicable to the assets.

##### 1.17.1.2 Operating leases

Lease payment under an operating lease is recognised as an expense in the Statement of Financial Performance on a straight-line basis over lease term, unless another systematic basis is more representative of the time pattern of the user's benefit. The difference between the straight-lined expenses and actual payments made will give rise to a liability.

#### 1.17.2 Municipality as Lessor

##### 1.17.2.1 Operating Leases

Operating lease revenue is recognised in the Statement of Financial Performance on a straight-line basis over the term of the relevant lease, unless another systematic basis is more representative of the time pattern in which benefit derived from the leased asset is diminished. The difference between the straight-lined revenue and actual payments received will give rise to an asset.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.18 FINANCIAL INSTRUMENTS

#### 1.18.1 Initial Recognition

Financial instruments (financial assets and financial liabilities) are recognised on the Municipality's Statement of Financial Position when it becomes party to the contractual provisions of the instrument.

Financial instruments are initially recognised at fair value plus, in the case of a financial asset or financial liability not at fair value, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. If finance charges in respect of financial assets and financial liabilities are significantly different from similar charges usually obtained in an open market transaction, adjusted for the specific risks of the Municipality, such differences are immediately recognised in the period it occurs, and the unamortised portion adjusted over the period of the loan transactions.

#### 1.18.2 Subsequent Measurement

Financial instruments are categorised as follows:

- (a) **Financial instruments at amortised cost** are non-derivative financial instruments with fixed or determinable payments that are not quoted in an active market. They are included in current assets or current liabilities, except for maturities greater than 12 months, which are classified as non-current. After initial recognition, both financial assets and financial liabilities are measured at amortised cost, using the effective interest rate method. Financial assets are also subject to an impairment review.
- (b) **Financial instruments at cost** are investments in residual interests that do not have a quoted market price in an active market, and whose fair value cannot be reliably measured. Both financial assets and financial liabilities are subsequently measured at cost. Financial assets are subject to an impairment review.
- (c) **Financial instruments at fair value** comprise of financial assets or financial liabilities that are:
  - (i) derivatives;
  - (ii) combined instruments that are designated at fair value;
  - (iii) instruments held for trading;
  - (iv) non-derivative financial assets or financial liabilities with fixed or determinable payments that are designated at fair value at initial recognition; or
  - (v) financial instruments that do not meet the definition of financial instruments at amortised cost or financial instruments at cost.

Both, financial assets and financial liabilities are subsequently measured at fair value with unrealised gains or losses recognised directly in the Statement of Financial Performance.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.18 FINANCIAL INSTRUMENTS (CONTINUED)

#### 1.18.3 Impairment and uncollectability of financial assets

Financial assets, other than those at fair value, are assessed for indicators of impairment at each reporting date. Financial assets are impaired where there is objective evidence of impairment of financial assets.

##### 1.18.3.1 *Financial assets measured at amortised cost*

If there is objective evidence that an impairment loss on financial assets measured at amortised cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate (i.e. the effective interest rate computed at initial recognition). Cash flows relating to short-term financial assets are not discounted where the effect of discounting is immaterial. The carrying amount of the asset is reduced through the use of an allowance account. The amount of the loss is recognised in the Statement of Financial Performance.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment is reversed by adjusting an allowance account. The amount of the reversal is recognised in Statement of Financial Performance.

##### 1.18.3.2 *Financial assets measured at cost*

If there is objective evidence that an impairment loss has been incurred on an investment in a residual interest that is not measured at fair value because its fair value cannot be measured reliably, the amount of the impairment loss is measured as the difference between the carrying amount of the financial asset and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment losses are not being reversed.

#### 1.18.4 Derecognition of financial instruments

##### 1.18.4.1 *Financial assets*

The Municipality derecognises financial assets only when the contractual rights to the cash flows from the asset expire or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. Financial assets (receivables) are also derecognised when Council approves the write-off of financial assets due to non-recoverability.

If the Municipality neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Municipality recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Municipality retains substantially all the risks and rewards of ownership of a transferred financial asset, the Municipality continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.18 FINANCIAL INSTRUMENTS (CONTINUED)

#### 1.18.4.2 *Financial liabilities*

The Municipality derecognises financial liabilities when the Municipality's obligations are discharged, cancelled or they expire.

The Municipality recognises the difference between the carrying amount of the financial liability (or part of a financial liability) extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, in the Statement of Financial Performance.

#### 1.18.5 **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount reported in the Statement of Financial Position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 1.19 STATUTORY RECEIVABLES

Statutory receivables arise from legislation, supporting regulations, or similar means and require settlement by another entity in cash or another financial asset. Statutory receivables can arise from both exchange and non-exchange transactions.

#### 1.19.1 **Initial Recognition**

Statutory receivables are recognised when the related revenue (exchange or non-exchange revenue) is recognised or when the receivable meets the definition of an asset. The Municipality initially measure statutory receivables at their transaction amount.

#### 1.19.2 **Subsequent Measurement**

The Municipality measures statutory receivables after initial recognition using the cost method. Under the cost method, the initial measurement of the receivable is subsequently changed to reflect any interest or other charges that may have accrued on the receivable, less any impairment losses and amounts derecognised.

#### 1.19.3 **Impairment and uncollectability of statutory receivables**

The Municipality assesses at each reporting date whether there is any indication that a statutory receivable may be impaired.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.19 STATUTORY RECEIVABLES (CONTINUED)

If there is an indication that a statutory receivable may be impaired, the Municipality measures the impairment loss as the difference between the estimated future cash flows and the carrying amount. Where the carrying amount is higher than the estimated future cash flows, the carrying amount of the statutory receivable is reduced, through the use of an allowance account. The amount of the loss is recognised in the Statement of Financial Performance. In estimating the future cash flows, the Municipality considers both the amount and timing of the cash flows that it will receive in future. Consequently, where the effect of the time value of money is material, the Municipality discounts the estimated future cash flows using a rate that reflects the current risk free rate and any risks specific to the statutory receivable for which the future cash flow estimates have not been adjusted.

An impairment loss recognised in prior periods for a statutory receivable is revised if there has been a change in the estimates used since the last impairment loss was recognised, or to reflect the effect of discounting the estimated cash flows. Any previously recognised impairment loss is adjusted by adjusting the allowance account. The amount of any adjustment is recognised in the Statement of Financial Performance.

#### 1.19.4 Derecognition

The Municipality derecognises a statutory receivable when the rights to the cash flows from the receivable are settled, expire or are waived or the Municipality transfers the receivable and substantially all the risks and rewards of ownership of the receivable to another entity.

When the Municipality, despite having retained some significant risks and rewards of ownership of the receivable, has transferred control of receivable to another entity, the Municipality derecognises the receivable and recognises separately any rights and obligations created or retained in the transfer.

### 1.20 CASH AND CASH EQUIVALENTS

Cash includes cash on hand, cash held with banks, and call deposits. Cash equivalents are short-term highly liquid investments with registered banking institutions with maturities of three months or less from inception, readily convertible to cash without significant change in value.

Bank overdrafts are recorded based on the facility utilised. Finance charges on bank overdraft are expensed as incurred in the Statement of Financial Performance.

For the purposes of the cash flow statement, cash and cash equivalents consist of cash and cash equivalents as defined above, net of any bank overdrafts.

### 1.21 RECEIVABLES

Receivables are recognised initially at fair value, which approximates amortised cost less provision for impairment. Amounts receivable within 12 months from the date of reporting are classified as current.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.21 RECEIVABLES (CONTINUED)

A provision for impairment of receivables is established when there is objective evidence that the Municipality will not be able to collect all amounts due according to the original terms of receivables. An estimate is made for impairment of receivables, based on past default experience of all outstanding amounts at reporting date.

Bad debts are written off in the year during which they are identified as irrecoverable, subject to the approval by the appropriate delegated authority. When a receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the Statement of Financial Performance.

### 1.22 TAXES (VALUE ADDED TAX)

Revenue, expenses and assets are recognised net of the amounts of Value Added Tax. The net amount of Value Added Tax recoverable from, or payable to, the taxation authority is included in the Statement of Financial Position. The Municipality accounts for Value Added Tax (VAT) on the payment basis.

### 1.23 PAYABLES AND ANNUITY LOANS

Payables and annuity loans are initially recognised at fair value and subsequently measured at amortised cost using an effective interest rate, which is the initial carrying amount, less repayments, plus interest.

### 1.24 CONSUMER DEPOSITS

Consumer deposits are disclosed as a current liability. Consumer deposits are levied in line with council's policy to consumers when services are initially connected. When services are disconnected or terminated, the outstanding deposit is utilised against any arrear accounts the consumer may be liable for on that date. Any excess deposit after all debt is settled is refunded to the specific consumer.

### 1.25 UNSPENT CONDITIONAL GOVERNMENT GRANTS AND UNSPENT PUBLIC CONTRIBUTIONS

Grants, transfers and donations received or receivable are recognised as assets when the resources that have been transferred to the Municipality meet the definition and criteria for recognition as assets.

Conditional grants, transfers and donations are recognised as revenue to the extent that the Municipality has complied with the conditions embodied in the agreement. Where the agreement contains a stipulation to return the asset, other future economic benefits or service potential, in the event of non-compliance to these stipulations and would be enforced by the transferor, a liability is recognised to the extent that the conditions have not been met. Where such requirements are not enforceable, or where past experience has indicated that the transferor has never enforced the requirement to return the transferred asset, other future economic benefits or service potential when breaches have occurred, the stipulation will be considered a restriction and is recognised as revenue.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.25 UNSPENT CONDITIONAL GOVERNMENT GRANTS AND UNSPENT PUBLIC CONTRIBUTIONS (CONTINUED)

The liability recognised to the extent that the conditions associated with the grant, transfer or donation have not been met, always has to be cash-backed. The cash which backs up the liability is invested as an individual investment or part of the general investments of the Municipality until it is utilised.

Interest earned on investments of grants, transfers and donations are treated in accordance with conditions as stipulated in the agreement. If it is payable to the grantor, it is recorded as part of the creditor, and if it is the Municipality's interest, it is recognised as interest earned in the Statement of Financial Performance.

### 1.26 REVENUE

At the time of initial recognition, the full amount of revenue is recognised where the Municipality has an enforceable legal obligation to collect, unless the Municipality has no intention of collecting this revenue. Where the Municipality has no intention of collecting the revenue, rebates and discounts are offset against the related revenue. If the Municipality does not successfully enforce its obligation to collect the revenue, this would be considered a subsequent event.

#### 1.26.1 Revenue from Non-Exchange Transactions

Revenue from non-exchange transactions refers to transactions where the Municipality received revenue from another entity without directly giving approximately equal value in exchange.

Revenue from non-exchange transactions is generally recognised to the extent that the related receipt or receivable qualifies for recognition as an asset and there is no liability to repay the amount.

##### 1.26.1.1 *Transfer Revenue*

Grants, transfers and donations received or receivable are recognised when the resources that have been transferred, meet the criteria for recognition as an asset. A corresponding liability is recognised to the extent that the grant, transfer or donation is conditional. The liability is transferred to revenue as and when the conditions attached to the grant are met.

Grants, transfers and donations without any conditions attached are recognised as revenue when the asset is recognised.

##### 1.26.1.2 *Unclaimed deposits*

All unclaimed deposits are initially recognised as a liability until 36 months expires, when all unclaimed deposits into the Municipality's bank account will be treated as revenue. This policy is in line with prescribed debt principle as enforced by law.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.26 REVENUE (CONTINUED)

#### 1.26.1.3 Revenue from Recovery of Unauthorised, Irregular, Fruitless and Wasteful Expenditure

Income from the recovery of unauthorised, irregular, fruitless and wasteful expenditure is based on legislated procedures, including those set out in the MFMA (Act 56 of 2003), and is recognised upon the recovery thereof from the responsible party.

#### 1.26.1.4 Services in-kind

Services in-kind include services provided by individuals to the Municipality at no charge or where the Municipality has the right to use assets at no charge.

The Municipality's recognises services in-kind that are significant to its operations as assets and recognises the related revenue when it is probable that the future economic benefits or service potential will flow to the Municipality and the fair value of the assets can be measured reliably.

When the criteria for recognition is satisfied, services in-kind are recognised at their fair value as at the date of acquisition.

If the services in-kind are not significant to the Municipality's operations or does not satisfy the criteria for recognition, the Municipality only disclose the nature and type of services in-kind received during the reporting period.

#### 1.26.1.5 Contributed Assets

Contributed assets are recognised at fair value when such items of property, plant and equipment qualifies for recognition and become available for use by the Municipality.

#### 1.26.1.6 Actuarial Gains

Actuarial gains are considered exchange in nature and its recognition is guided by the principles included in 1.15 above.

### 1.26.2 Revenue from Exchange Transactions

Revenue from exchange transactions refers to revenue that accrued to the Municipality directly in return for services rendered or goods sold, the value of which approximates the consideration received or receivable.

#### 1.26.2.1 Service Charges

Service Charges are levied in terms of approved tariffs.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.26 REVENUE (CONTINUED)

Service charges relating to electricity and water are based on consumption and a basic charge as per the approved tariffs. Meters are read on a monthly basis and are recognised as revenue when invoiced. Where the Municipality was unable to take the actual month's reading of certain consumers, a provisional estimate of consumption for that month will be created, based on consumption history. The provisional estimates of consumption are recognised as revenue when invoiced, except at reporting date when estimates of consumption up to the reporting date are recorded as revenue without being invoiced. Adjustments to provisional estimates of consumption are made in the invoicing period in which meters have been read. These adjustments are recognised as revenue in the invoicing period. In respect of estimates of consumption between the last reading date and the reporting date, an accrual is made based on the average monthly consumption of consumers.

#### 1.26.2.2 Roads Maintenance Service

Transfers (specifically relating to the roads functions performed) received or receivable are recognised when the resources that have been transferred, meet the criteria for recognition as an asset. A corresponding liability is recognised to the extent that the transfer is conditional. The liability is transferred to revenue as and when the conditions attached to the transfer is met.

#### 1.26.2.3 Investment income

Interest earned on investments is recognised in the Statement of Financial Performance on the time proportionate basis that takes into account the effective yield on the investment.

#### 1.26.2.4 Insurance Receipts

Revenue from third parties i.e. insurance payments for assets impaired, are recognised when it can be measured reliably and is not being offset against the related expenses of repairs or renewals of the impaired assets.

#### 1.26.2.5 Rental income

Revenue from the rental of facilities and equipment is recognised on a straight-line basis over the term of the lease agreement.

#### 1.26.2.6 Income from Agency Services

Revenue arising out of situations where the Municipality acts as an agent on behalf of another entity (the principal) is limited to the amount of any fee or commission payable to the Municipality as compensation for executing the agreed services.

Income from agency services is recognised on a monthly basis once the income collected on behalf of agents has been quantified. The income recognised is in terms of the agency agreement.

#### 1.26.2.7 Other Tariffs

Revenue arising from the application of the approved tariff of charges is recognised when the relevant service is rendered by applying the relevant tariff. This includes the issuing of licences and permits.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.26 REVENUE (CONTINUED)

#### 1.26.2.8 *Sale of goods*

Revenue from the sale of goods is recognised when all the following conditions are satisfied:

- (a) The Municipality has transferred to the purchaser the significant risks and rewards of ownership of the goods.
- (b) The Municipality retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold.
- (c) The amount of revenue can be measured reliably.
- (d) It is probable that the economic benefits or service potential associated with the transaction will flow to the Municipality.
- (e) The costs incurred or to be incurred in respect of the transaction can be measured reliably.

#### 1.26.2.9 *Deferred payment*

In most cases, the consideration is in the form of cash or cash equivalents and the amount of revenue is the amount of cash or cash equivalents received or receivable. However, when the inflow of cash or cash equivalents is deferred, the fair value of the consideration may be less than the nominal amount of cash received or receivable. When the arrangement effectively constitutes a financing transaction, the fair value of the consideration is determined by discounting all future receipts using an imputed rate of interest.

The difference between the fair value and the nominal amount of the consideration is recognised as interest revenue.

### 1.27 BORROWING COSTS

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised to the cost of that asset.

The amount of borrowing costs that the Municipality capitalises during a period does not exceed the amount of borrowing costs it incurred during that period. The Municipality ceases the capitalisation of borrowing costs when substantially all the activities to prepare the asset for its intended use or sale are complete. Borrowing costs incurred other than on qualifying assets are recognised as an expense in the Statement of Financial Performance when incurred.

### 1.28 UNAUTHORISED EXPENDITURE

Unauthorised expenditure is expenditure that has not been budgeted, expenditure that is not in terms of the conditions of an allocation received from another sphere of government, municipality or organ of state and expenditure in a form of a grant that is not permitted in terms of the Municipal Finance Management Act (Act No. 56 of 2003). Unauthorised expenditure is accounted for as an expense (measured at actual cost incurred) in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.29 IRREGULAR EXPENDITURE

Irregular expenditure is expenditure that is contrary to the Municipal Finance Management Act (Act No. 56 of 2003), the Municipal Systems Act (Act No. 32 of 2000), the Public Office Bearers Act, and (Act. No. 20 of 1998) or is in contravention of the Municipality's Supply Chain Management Policy. Irregular expenditure is accounted for as expenditure (measured at actual cost incurred) in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

### 1.30 FRUITLESS AND WASTEFUL EXPENDITURE

Fruitless and wasteful expenditure is expenditure that was made in vain and could have been avoided had reasonable care been exercised. Fruitless and wasteful expenditure is accounted for as expenditure (measured at actual cost incurred) in the Statement of Financial Performance and where recovered, it is subsequently accounted for as revenue in the Statement of Financial Performance.

### 1.31 CONTINGENT LIABILITIES AND CONTINGENT ASSETS

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Municipality. A contingent liability could also be a present obligation that arises from past events, but is not recognised because it is not probable that an outflow of resources embodying economic benefits will be required to the obligation or the amount of the obligation cannot be measured with sufficient reliability.

Contingent assets represent possible assets that arise from past events and whose existence will be confirmed only by an occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Municipality.

A contingent liability is disclosed unless the probability of an outflow of resources embodying economic benefits or service potential is remote. A contingent asset is disclosed where the inflow of economic benefits or service potential is probable.

### 1.32 CAPITAL COMMITMENTS

Capital commitments disclosed in the financial statements represent the contractual balance committed to capital projects on reporting date that will be incurred in the period subsequent to the specific reporting date.

### 1.33 REPAIRS AND MAINTENANCE

Repairs and Maintenance, which relates to Property, Plant and Equipment, is based on Management's own judgement of costs incurred in cost centres responsible for the maintenance and repair of Municipal owned assets. The municipality does not recognise these costs, which relates to the day-to-day servicing of the item to restore or maintain the originally assessed performance, in the carrying amount of an item of property, plant and equipment. These costs are recognised in surplus and deficit when incurred.

The repairs and maintenance relating to the Karwyderskraal Waste Facility relates to the prime costs directly linked to the infrastructure (if any) as well as municipal services (which includes leachate removal from site to maintain the facility). Removing hazardous waste (ie chemical, toxic and explosive waste) causing health and danger risk on the landfill site is also included.

Refer to note 39 for required disclosure relating to repairs and maintenance costs identified by management.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.34 EVENTS AFTER REPORTING DATE

Events after the reporting date are those events, both favourable and unfavourable, that occur between the reporting date and the date when the financial statements are authorised for issue. Two types of events can be identified:

- (a) those that provide evidence of conditions that existed at the reporting date (adjusting events after the reporting date); and
- (b) those that are indicative of conditions that arose after the reporting date (non-adjusting events after the reporting date).

If non-adjusting events after the reporting date are material, the Municipality discloses the nature and an estimate of the financial effect.

### 1.35 RELATED PARTIES

A related party is a person or an entity with the ability to control or jointly control the other party, or exercise significant influence over the other party, or vice versa, or an entity that is subject to common control, or joint control.

Related party transaction is a transfer of resources, services or obligations between the Municipality and a related party, regardless of whether a price is charged.

Management is considered a related party and comprises those persons responsible for planning, directing and controlling the activities of the Municipality, including those charged with the governance of the Municipality in accordance with legislation, in instances where they are required to perform such functions.

A close family member of management is also considered to be related party. A person is considered to be a close member of the family of another person if they are married or live together in a relationship similar to a marriage or are separated by no more than two degrees of natural or legal consanguinity or affinity.

The Municipality is exempt from the disclosure requirements in relation to related party transactions if those transactions occur within the normal supplier and/or client/recipient relationship on terms and conditions no more or less favourable than those which it is reasonable to expect the Municipality to have adopted if dealing with that individual entity or person in the same circumstances, and the terms and conditions are within the normal operating parameters established by Municipality's legal mandate.

Where the Municipality is exempt from the disclosures in accordance with the above-mentioned paragraph, the Municipality discloses narrative information about the nature of the transactions and the related outstanding balances, to enable to users of the financial statements to understand the effect of related party transactions.

Remuneration of management includes remuneration derived for services provided to the Municipality in their capacity as members of the management team or employees. Benefits derived directly or indirectly from the Municipality for services in any capacity other than as an employee or a member of management do not meet the definition of remuneration. Remuneration of management excludes any consideration provided solely as a reimbursement for expenditure incurred by those persons for the benefit of the Municipality.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.35 RELATED PARTIES (CONTINUED)

The Municipality operates in an economic environment currently dominated by entities directly or indirectly owned by the South African government. As a result of the Constitutional independence of all three spheres of government in South Africa, only parties within the same sphere of government will be considered to be related parties. Only transactions with such parties which are not at arm's length and not on normal commercial terms, are disclosed.

### 1.36 ACCOUNTING BY PRINCIPALS AND AGENTS

An agent is an entity that has been directed another entity (a principal), through a binding arrangement, to undertake transactions with third parties on behalf of the principle and for the benefit of the principal.

A principal is an entity that directs another entity (an agent), through a binding arrangement, to undertake transactions with third parties on its behalf and for its own benefit.

A principal-agent arrangement results from a binding arrangement in which one entity (an agent), undertakes transactions with third parties on behalf, and for the benefit of, another entity (the principal).

When the Municipality is party to a principal-agent arrangement, it assesses whether it is the principal or the agent in accounting for revenue, expenses, assets and/or liabilities that result from transactions with third parties undertaken in terms of the arrangement. The assessment of whether the Municipality is a principal or an agent requires the Municipality to assess whether the transactions it undertakes with third parties are for the benefit of another entity or for its own benefit.

The Municipality assesses whether it is an agent or a principal by assessing the rights and obligations of the various parties established in the binding arrangement.

Where the terms of a binding arrangement are modified, the parties to the arrangement shall re-assess whether they act as a principal or an agent in accordance with this Standard.

When the Municipality in a principal-agent arrangement concludes that it undertakes transactions with third parties for the benefit of another entity, then it is the agent. If an entity concludes that it is not the agent, then it is the principal in the transactions.

The Municipality is an agent when, in relation to transactions with third parties, all three of the following criteria are present:

- (a) It does not have the power to determine the significant terms and conditions of the transaction.
- (b) It does not have the ability to use all, or substantially all, of the resources that result from the transaction for its own benefit.
- (c) It is not exposed to variability in the results of the transaction.

Where the Municipality has been granted specific powers in terms of legislation to direct the terms and conditions of particular transactions, it is not required to consider the criteria of whether it does not have the power to determine the significant terms and conditions of the transaction, to conclude that is an agent. The Municipality applies judgement in determining whether such powers exist and whether they are relevant in assessing whether an entity is an agent.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.36 ACCOUNTING BY PRINCIPAL AND AGENTS (CONTINUED)

Where the Municipality acts as a principal, it recognises revenue and expenses that arise from transactions with third parties in a principal-agent arrangement in accordance with the requirement of the relevant Standards of GRAP.

Where the Municipality acts as an agent, it recognises only that portion of the revenue and expenses it receives or incurs in executing the transactions on behalf of the principal in accordance with the requirements of the relevant Standards of GRAP.

The Municipality recognises assets and liabilities arising from principal-agent arrangements in accordance with the requirements of other Standards of GRAP.

### 1.37 LIVING AND NON-LIVING RESOURCES

Living resources are those resources that undergo biological transformation which comprises the processes of growth, degeneration, production and procreation that cause qualitative or quantitative changes in a living resource.

Non-living resources are those resources, other than living resources, that occur naturally and have not been extracted. Non-living resources, other than land, is not recognised. The Standard only requires disclosure of the relevant resources.

The Municipality has assessed that it does not control any living resources.

### 1.38 SEGMENT REPORTINGS

A segment is an activity of the Municipality:

- (a) that generates economic benefits or service potential (including economic benefits or service potential relating to transactions between activities of the same Municipality);
- (b) whose results are regularly reviewed by management to make decisions about resources to be allocated to that activity and in assessing its performance; and
- (c) for which separate financial information is available.

Management comprises those persons responsible for planning, directing and controlling the activities of the Municipality, including those charged with the governance of the Municipality in accordance with legislation.

Financial information relating to the reporting segments are aligned to the financial information distributed to management on a regular basis (similar basis of preparation). This information is utilised to measure performance of the relevant services provided by the municipality and also to ensure that resources are appropriately allocated to various departments/segments to provide high quality services to the community.

Adjustments and eliminations made in preparing the Municipality's financial statements, which includes the allocation basis of revenues and expenses, are prepared on a similar basis as the information distributed to management on a regular basis.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.38 SEGMENT REPORTINGS (CONTINUED)

Financial information distributed to management does not include a segment/department analysis of assets and liabilities associated with each segment/department. In line with this principle utilised during the financial year, the segment reporting included in the financial statements are prepared on a similar basis which excludes such an analysis. Assets and liabilities are reported on for the municipality as a whole.

Management reviews capital expenditure/performance on a regular basis and accordingly the relevant information is reported on per segment.

### 1.39 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

In the process of applying the Municipality's accounting policy, management has made the following significant accounting judgements, estimates and assumptions, which have the most significant effect on the amounts recognised in the financial statements:

#### 1.39.1 Application of Directive 7

For deemed cost applied to Property, Plant and Equipment as per adoption of Directive 7, management used the depreciation cost method which was based on assumptions about the remaining duration of the assets.

For deemed cost applied to land and buildings as per adoption of Directive 7, management made use of an independent valuator. The valuator's valuation was based on assumptions about the market's buying and

For deemed cost applied to intangible assets as per adoption of Directive 7, management used the depreciation cost method which was based on assumptions about the remaining duration of the assets.

For deemed cost applied to Investment Property as per adoption of Directive 7, management made use of an independent valuator. The valuator's valuation was based on assumptions about the market's buying and selling trends and the remaining duration of the assets.

#### 1.39.2 Impairment of Receivables

The calculation in respect of the impairment of receivables is based on an assessment of the extent to which debtors have defaulted on payments already due, and an assessment of their ability to make payments based on their creditworthiness. This was performed per service-identifiable categories across all classes of debtors.

#### 1.39.3 Useful lives and residual values

The useful lives of assets are based on management's estimates. Management considers the impact of technology, availability of capital funding, service requirements and required return on assets to determine the optimum useful life expectation, where appropriate.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.39 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTINUED)

The estimated residual values of assets are also based on management's judgement on whether the assets will be sold or used to the end of their useful lives, and what their condition will be at that time.

#### 1.39.4 Impairment of non-monetary assets

Non-monetary assets can include, but is not limited to, Property, Plant and Equipment, Investment Property, Intangible assets and Heritage assets.

The Municipality is not a profit-oriented entity, as its primary objective is service delivery. Tariffs and charges are cost-reflective to ensure continued financial sustainability. No profit element is included in the determination of a tariff. As such, management has determined that the Municipality does not control assets that meet the definition of cash-generating assets and that the Standard of GRAP on Impairment of Non-cash-generating Assets will apply to all assets of the Municipality.

The calculation in respect of the impairment of non-monetary assets is based on an assessment of the extent to which the recoverable amount of the asset has declined below the carrying amount. This calculation will only be performed if there is an indication of an impairment.

#### 1.39.5 Post-Retirement and Long-term Benefits

The cost of post retirement medical obligations and long-service awards are determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

#### 1.39.6 Provisions and Contingent Liabilities

Management's judgement is required when recognising and measuring provisions, as well as when measuring contingent liabilities. Provisions are discounted where the time value effect is material.

Also refer to note 1.39.12

#### 1.39.7 Distinguishing between Financial Instruments and Statutory Receivables

The Municipality analyses the terms and conditions of the transactions that give rise to its receivables in order to understand whether they arise directly from legislation or similar means, or from a separate contract concluded with a party. Judgement is applied in applying the principles as set out in the respective Standards of GRAP on Financial Instruments and Statutory Receivables.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.39 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTINUED)

#### 1.39.8 Financial assets and liabilities

The classification of financial assets and liabilities, into categories, is based on judgement by management. In making the judgement, management considered the definition and recognition criteria for the classification of financial instruments as set out in the Standard of GRAP on Financial Instruments.

#### 1.39.9 Revenue Recognition

Accounting Policy on Revenue from Non-Exchange Transactions and Accounting Policy on Revenue from Exchange Transactions describes the conditions under which revenue will be recognised by management of the Municipality.

In making their judgement, management considered the detailed criteria for the recognition of revenue as prescribed in the Standard of GRAP on Revenue from Exchange Transactions and Standard of GRAP on Revenue from Non-Exchange Transactions. Specifically, when goods are sold, whether the significant risks and rewards of ownership of the goods have been transferred to the buyer and when services are rendered, whether the service has been performed.

#### 1.39.10 Recognition and Derecognition of Land

In order for land to meet the definition of an asset, the Municipality must be able to prove that control is being exercised. Control of land is evidenced by either legal ownership and/or the right to direct access to land, and to restrict or deny the access of others to land.

To demonstrate access/restriction rights, the Municipality assesses whether it has a substantive right for an unlimited period through a binding arrangement.

The above-mentioned assessment is subject to management's judgements and assumptions are applied to conclude that the Municipality controls land.

#### 1.39.11 Applying materiality

Since materiality is an entity-specific concept, its application may result in different outcomes based on the Municipality's circumstances. The assessment of materiality therefore requires management to apply judgement about:

- (a) How information could reasonably be expected to influence the discharge of accountability by the Municipality or decisions that the users make on the basis of those financial statements.
- (b) How the nature or size or both, of the information could reasonably be expected to influence users' decisions.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 1.39 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS (CONTINUED)

#### 1.39.12 Provision for Landfill Sites

The provision for rehabilitation of the landfill site is recognised as and when the environmental liability arises. The provision is calculated by a qualified environmental engineer. The provision represents the net present value at the reporting date of the expected future cash flows to rehabilitate the landfill site. To the extent that the obligations relate to an asset, it is capitalised as part of the cost of those assets. Any subsequent changes to an obligation that did not relate to the initial related asset are recognised in the Statement of Financial Performance.

Management referred to the following when making assumptions regarding provisions:

- (a) Professional engineers were utilised to determine the cost of rehabilitation of landfill sites as well as the remaining useful life of each specific landfill site;
- (b) The discount rate used to calculate the effect of time value of money is linked to the index for earthworks as published by Statistics South Africa;
- (c) The provision represents the net present value at the reporting date of the expected future cash flows to rehabilitate the landfill site; and
- (d) Refer to note 18 for other major assumptions utilised

#### 1.39.13 Provision for Staff leave

Staff leave is accrued to employees according to collective or contractual agreements. Provision is made for the cost of accrued leave at reporting date as calculated as per 1.15.3.1 of the accounting policy. This provision will be realised as employees take leave or when employment is terminated.

#### 1.39.14 Componentisation of Infrastructure assets

All infrastructure assets are unbundled into their significant components in order to depreciate all major components over the expected useful lives. The cost of each component is estimated based on the current market price of each component, depreciated for age and condition and recalculated to cost at the acquisition date if known or to the date of initially adopting the standards of GRAP.

<b>Reconciliation of Allowance for impairment</b>		
Balance at the beginning of the year	495 107	449 843
Contribution to the provision	850 962	79 470
Electricity	874	1 376
Water	23 060	7 044
Housing rental	12 486	340
Sundry Debtors	814 542	70 710
Bad Debts Written off	(76 531)	(34 206)
Housing rental	(24 972)	(2 520)
Sundry Debtors	(51 559)	(31 686)
Balance at the end of the year	<b>1 269 538</b>	<b>495 107</b>

The Allowance for impairment of Receivables has been made for all consumer balances outstanding based on the payment ratio over 12 months. Based on these payment trends, management is satisfied that no further credit provision is required in excess of the current allowance. The risk of non-payment is further mitigated due to the large customer base over which the outstanding receivable balance is spread.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

	2024 R	2023 R
<b>5 OPERATING LEASES</b>		
<b>5.1 Operating Lease Asset</b>	-	-
<p>The municipality will receive the following lease payments from contracts that have defined lease payments and terms.</p>		
Within 1 Year	13 027 033	12 355 350
Between 1 and 5 Years	6 559 769	17 103 199
Over 5 Years	413 421	1 589 417
<b>Total</b>	<b>20 000 223</b>	<b>31 047 965</b>

The prior year disclosure was updated from R 33 227 985 to R 31 047 965 due to the incorrect tariffs used to calculate the lease payments.

Leases includes the following 2 types of lease agreements:

Contract where lease income was determined from contracts that have a specific conditional income and does not include lease income which has an undetermined conditional income.

Contracts entered into at Die Dam and Uilenkraalsmond where properties are rented on a semi-permanent basis for a period of 9 years and 11 months. Rent payable is determined by council on an annual basis.

The lease payments are in respect of properties being leased out over a period ranging up to 2032 (2023: 2032)

	2024 R	2023 R
<b>5.2 Operating Lease Liability</b>	-	-
<p>The operating lease liability is derived from contracts where the municipality acts as the lessee in the agreement.</p>		
<p>The municipality will incur the following lease expenditure from contracts that have defined lease payments and terms:</p>		
Within 1 Year	1 266 745	1 098 694
Between 1 and 5 Years	661 233	1 017 670
<b>Total</b>	<b>1 927 978</b>	<b>2 116 363</b>

The prior year disclosure was updated from R 2 136 840 to R 2 116 363 due to the contract end date of the Grail Centre Trust being corrected from 31 January 2025 to 30 June 2024.

The operating lease liability relates to the following lease arrangements:

The Municipality entered into a lease agreement with the Grail Centre Trust for additional office space (Health). The lease agreement commenced on 1 February 2022 and will run up to 30 June 2024. The initial monthly rental is R 2 780.22 (VAT inclusive) and the lease is subject to an annual increase of 10%. The municipality has the option to renew the lease after 30 June 2024. The lease was extended on 28 June 2024 for a 2 month period up to 31 August 2024 on a deviation in order to finalise the lease renewal process.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 5 OPERATING LEASES (CONTINUED)

The Municipality renewed its lease agreement with Theewaterskloof Local Municipality for additional office space for municipal health services in Grabouw. The renewed lease agreement commenced on 1 April 2023 and will run up to 31 March 2026. The initial monthly rental is R 7 014.88 (VAT inclusive) and the lease is subject to an annual increase of 7%.

The Municipality continued with an addendum to the lease agreement with Mr Johannes de Villiers De Kock for additional office space in Hermanus for Health Services. The lease addendum as per deviation commenced on 1 March 2023 and will run up to 29 February 2024. The monthly rental is R 19 175 (VAT inclusive). A new contract was entered into from 1 March 2024 up to 28 February 2027. The monthly rental is R 30 000 (VAT Inclusive) per month and will increase to R 31 800 (VAT Inclusive) and R 33 708 (VAT Inclusive) in year 2 and 3 of the contract respectively.

The Municipality entered into a lease agreement with the Two a Day Group (Pty) Ltd for property to be utilised by the fire department in Grabouw. The lease agreement commenced on 1 August 2022 and will run up to 31 July 2025. The initial monthly rental is R 24 230 (VAT inclusive) and the lease is subject to an annual increase of 6%.

The Municipality entered into a lease agreement with the Seeff Country for property to be utilised by the fire department in Barrydale. The lease agreement commenced on 1 July 2022 and will run up to 31 May 2025. The initial monthly rental is R 12 800 (VAT inclusive) and the lease is subject to an annual increase of 10%.

The Municipality entered into a lease agreement with the SPFT Beleggings (Edms) Bpk for property to be utilised by the fire department in Caledon. The lease agreement commenced on 1 April 2022 and will run up to 31 March 2025. The initial monthly rental is R 50 485 (VAT inclusive) and the lease is subject to an annual increase of 7%. The municipality has the option to renew the lease after 31 March 2025

### 6 TAXES

	2024 R	2023 R
VAT Receivable	<u>(384 320)</u>	<u>525 557</u>
The VAT balance is made up as follows:		
VAT Output in Suspense	(1 045 981)	(471 552)
VAT Input in Suspense	358 266	516 113
VAT Receivable from SARS	<u>303 395</u>	<u>480 996</u>
<b>Total</b>	<u><b>(384 320)</b></u>	<u><b>525 557</b></u>

VAT is accounted for on the payment basis.

No interest is payable to SARS if the VAT is paid over timeously, but interest for late payments is charged according to SARS policies

#### VAT - Roads Function

The municipality relied on a shared legal opinion obtained by West Coast District Municipality concerning the output VAT treatment of the roads funding received from the Western Cape Department of Transport and Public Works (now called the Department of Infrastructure). The objective of the opinion obtained was to confirm if the municipality must declare output VAT at 15% or zero % on the funding received from the Western Cape Department of Transport and Public Works.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 6 TAXES (CONTINUED)

The municipality was directed by the Auditor-General (during 2022/23 Audit cycle) to obtain a VAT ruling from SARS relating to the roads funding. The municipality duly requested the ruling. However, SARS indicated, in an informal response to the municipality, that no VAT ruling will be issued at this stage and that they are in process of preparing guidance that will be issued to affected municipalities in due course. The guidance was not yet available, nor was any ruling issued by SARS to date. Accordingly, there is still uncertainty about the obligation the municipality has, if any.

7 INVENTORY	2024 R	2023 R

Infrastructure	-	366 764
<b>Total</b>	<b>157 952</b>	<b>495 808</b>

The Infrastructure work in progress on 30 June 2023 relates to the upgrading of the access road and installation of borehole pump, pipeline and switchgear at the Karwyderskraal facility which was completed in the current year.

Included in work in progress are buildings (30 June 2023 and 30 June 2022) amounting to R 313 006 which relates to the construction of a new fire station. The municipality failed to attract proposals from prospective contractors that are within the proposed budget limits approved by Council. Consequently, a decision was taken to rather rent a building. This decision casts doubt over the future benefits to be derived from the expenditure incurred to date and accordingly the balance of R 313 006 was impaired in full during 2020/21 until more certainty is provided by council on the completion of the project.

The other Work in progress in buildings relates to the upgrading of Chalets at the Uilenkraalsmond Resort which was not yet completed at year-end as well as fencing projects that are ongoing at the municipality.

- 9.4 The following borrowing cost were capitalised in terms of GRAP 5 and included in the closing balance of the following asset classes.

	2024 R	2023 R
Infrastructure - Opening Balance	1 176 716	1 176 716
Capitalised during the year	204 055	2 868
<b>Infrastructure - Closing Balance</b>	<b>1 380 771</b>	<b>1 176 716</b>

- 9.5 The municipality is required by relevant Environmental Legislation to rehabilitate landfill sites at the closure date of each respective site. The "Capitalised Restoration Cost" asset, which is capitalised in line with the requirements of GRAP 17 and iGRAP 2, relates to the initial estimate of costs involved to restore landfill sites under control of the Overberg District Municipality.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 9 PROPERTY PLANT AND EQUIPMENT (CONTINUED)

9.6 Infrastructure assets can broadly be classified in the following 2 categories:

	2024 R	2023 R
Service Delivery Infrastructure Assets at Resorts	3 789 414	4 063 609
Infrastructure at Karwyderskraal Solid Waste Facility	28 191 056	24 592 408
<b>Total Carrying Value</b>	<b>31 980 470</b>	<b>28 656 017</b>

9.7 Refer to note 39 for maintenance related expenditure incurred on property, plant and equipment.

9.8 The impairments raised in the current year and prior year (other than the capitalised restoration cost asset) relates to assets that are obsolete or where the cost of repairs exceeds the value of the relevant assets. The impairment on the capitalised restoration cost asset relates to additions made to cell rehabilitation cost where the cell have no future economic benefits, other than the storage of waste.

### 10 INTANGIBLE ASSETS

	2024 R	2023 R
Intangible Assets - Carrying Value	<b>74 401</b>	<b>4 986</b>

The movement in intangible assets is reconciled as follows:

<b>Opening Carrying Value</b>	4 986	8 023
Cost	89 538	89 538
Accumulated Amortisation	(84 552)	(81 515)
Additions	96 140	-
Amortisation for the year	(26 726)	(3 037)
<b>Closing Carrying Value</b>	<b>74 401</b>	<b>4 986</b>
Cost	185 678	89 538
Accumulated Amortisation	(111 277)	(84 552)

Intangible Assets consist only of software.

No intangible asset was assessed having an indefinite useful life.

There are no internally generated intangible assets at reporting date.

There are no intangible assets where title is restricted.

There are no intangible assets pledged as security for liabilities

There are no contractual commitments for the acquisition of intangible assets.

<b>Total</b>	<b>22 860 000</b>	<b>22 160 000</b>

The Employee Benefits: Roads Receivable relates to the provision for post-retirement health benefits and long service awards made in respect of employees directly appointed for Roads Function performed on behalf of the Provincial Administration: Western Cape.

In terms of the agreement between the Western Cape Provincial Government and based on the past experience of the relationship between the municipality and the provincial department, Provincial Government funds will be made available to maintain the approved organogram of the Roads department, including all post retirement health and long service awards. The unpaid claim for the provision of these benefits has therefore been raised as a long term debtor. The carrying amount of these assets approximates their fair value.

Refer to note 17 for more detail relating to this receivable.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 12 LONG-TERM LIABILITIES (CONTINUED)

Annuity Loans were fully utilised to purchase property plant and equipment in accordance with the Municipal Finance Management Act. The following Loans were unspent on 30 June:

	2024 R	2023 R
Opening Balance - Unspent Loans	4 548 017	4 911 913
Assets purchased	(4 282 870)	(363 896)
<b>Closing Balance - Unspent Loans</b>	<b>265 147</b>	<b>4 548 017</b>

The municipality is in process to spend the unspent loan and it is expected that the loan will be fully spent during 2024/2025.

#### Annuity Loans

Annuity Loans, disclosed at amortised cost, consist out of the following agreements:

Standard Bank	11 112 157	15 232 032
---------------	------------	------------

Interest is calculated at an interest rate of 11.17% and the loan will be fully redeemed on 30 September 2026. The liability is not secured.

<b>11 112 157</b>	<b>15 232 032</b>
-------------------	-------------------

Annuity loans are payable as follows:

Payable within one year	5 611 160	5 611 160
Payable within two to five years	7 013 951	12 625 111
Payable after five years	-	-

<b>Total amount payable</b>	<b>12 625 111</b>	<b>18 236 271</b>

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 14 PAYABLES FROM EXCHANGE TRANSACTIONS

Payables are recognised net of any discounts received.

As prescribed by the MFMA, all payables are payable within 30 days. This credit period granted is considered to be in line with industry norms. The carrying value of payables is in line with its fair value.

Payables are not secured and the municipality did not default on any payables during the year.

The significant roads maintenance payable on 30 June 2023 can mainly be attributed to substantial advances received from the Provincial Roads Department before year-end. Refer to note 23 for reconciliation of the Roads Maintenance Payable.

Sundry payables mainly consist of Unidentified deposits and Employee Related Accruals/Payables.

	2024 R	2023 R
<b>15 UNSPENT CONDITIONAL GOVERNMENT GRANTS</b>		
National Government	1 926 563	101 630
Provincial Government	1 658 061	3 820 204
<b>Total</b>	<b>3 584 624</b>	<b>3 921 834</b>

Detail reconciliations of all grants received and grant conditions met are included in note 20. Unspent grant balances are recognised to the extent that conditions are not yet met.

Due to the short term nature of unspent grant balances, the carrying value approximates the fair value of the unspent conditional grants at year-end.

	2024 R	2023 R
<b>16 CURRENT EMPLOYEE BENEFITS</b>		
Post Retirement Medical Benefits	3 517 000	3 368 000

Change in Financial Assumptions	(1 159 000)	(4 561 000)
Change in Demographic Assumptions	-	-
Experience Adjustments	(1 827 162)	(2 364 555)
<b>Total balance at year-end</b>	<b>46 242 000</b>	<b>46 324 000</b>
Less Current Portion	3 517 000	3 368 000
<b>Total</b>	<b>42 725 000</b>	<b>42 956 000</b>

The liability has been estimated to be as follows:

	2023 R	2022 R
In-service employees	13 545 000	12 807 000
Continuation members	32 697 000	33 517 000
<b>Total Unfunded Liability</b>	<b>46 242 000</b>	<b>46 324 000</b>

The Post Retirement Medical Benefit Plan is a defined-benefit plan, of which the members are made up as follows:

	2024	2023
In-service members	68	77
Continuation members	69	71
<b>Total</b>	<b>137</b>	<b>148</b>

At year-end there were also 85 (2023 - 87) eligible In-service non-members.

The obligation is unfunded, and therefore no disclosures are made relating to plan assets and the effect of any asset ceiling.

Refer to note 11 for the reconciliation of reimbursement rights associated with this obligation.

#### Last Valuation and Actuarial Valuation Method

The last valuation was performed on 13 July 2024. The Projected Unit Credit Method has been used to value the liabilities.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 17 EMPLOYEE BENEFITS (CONTINUED)

#### Characteristics of defined benefit plans and risks associated with them

The municipality provides post employment medical benefits as follows:

- Employees appointed on or before 30 June 2016 will receive a post-employment subsidy of 60% of the contribution payable should they be a member of a medical scheme at retirement.
- Employees appointed after 30 June 2016 are not eligible for a post-employment subsidy.
- Continuation members and their eligible dependants receive either a 60% or 70% subsidy, depending on the individual's entitlement.
- The post-employment subsidies are not limited to a maximum Rand value/subsidy.
- Upon a member's death-in-service, surviving dependants are entitled to commence receipt of the same post-employment subsidy. Upon a member's death-in-retirement, surviving dependants are entitled to continue to receive the same subsidy.

Notable benefit plan risks faced by the Municipality can be summarised as follows:

- Inflation: The risk that future CPI inflation and medical aid contribution inflation are higher than assumed and present in an uncontrolled manner.
- Longevity: The risk that eligible individuals live longer than assumed i.e. their benefits are payable for longer than expected.
- Volatility of open-ended, long-term Defined-Benefit Obligation: The risk that the Defined-Benefit Obligation may be volatile which is exacerbated by its long-term nature.
- Enforcement of eligibility criteria and rules: The risk that eligibility criteria and rules are not strictly or consistently enforced, to the detriment of the Municipality.
- Future changes in legislation: The risk that changes to legislation with respect to the post-employment medical aid benefit may increase the Defined-Benefit Obligation for the Municipality.

#### Significant Actuarial Assumptions

	2024	2023
<b>Interest Rates</b>		
Discount rate	11.56%	12.08%
Medical aid contribution inflation rate	7.11%	7.85%

The discount rate reflects the time value of money and is approximated with reference to the market yields at reporting date on government bonds.

#### Mortality Rates

The SA 85-90 is utilised as reference for mortality during employment. The PA 90 -1 with a 1% mortality improvement per annum from 2010 is utilised as reference for mortality post-employment.

#### Average Retirement Age

It has been assumed that in-service members will retire at age 62 for all employees (2023 - 62), which then implicitly allows for expected rates of early and ill-health retirement. Normal retirement is set at age 65.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 17 EMPLOYEE BENEFITS (CONTINUED)

#### Member Continuation

The continuation of membership at retirement is estimated at 75% (2023 - 75%).

#### Other Assumptions

##### Interest Rates

CPI Inflation	5.61%	6.35%
Net Discount Rate	4.15%	3.92%

##### Replacement Ratio

A Replacement Ratio (expected pension as a percentage of final salary, at retirement) of 65% (2023 - 65%) was used.

##### Termination of Service

If an eligible employee leaves due to resignation or retrenchment, the employer's Defined-Benefit Obligation in respect of that employee ceases. The termination rates are as follows:

	2024	2023
Age: 20 - 24	9.00%	9.00%
Age: 25 - 29	8.00%	8.00%
Age: 30 - 34	6.00%	6.00%
Age: 35 - 39	5.00%	5.00%
Age: 40 - 44	5.00%	5.00%
Age: 45 - 49	4.00%	4.00%
Age: 50 - 54	3.00%	3.00%
Age: 55 +	0.00%	0.00%

#### Other Assumptions

The proportion with a spouse dependant at retirement is estimated at 60% (2023 - 60%). The proportion of eligible in-service non-members joining a scheme by retirement and continuing with the subsidy at and after retirement is estimated at 15% (2023 - 15%). It has been assumed that female spouses will be five years younger than their male counterparts. Furthermore, it is assumed that 60% (2023 - 60%) of eligible employees on a health care arrangement at retirement will have a subsidised spouse dependant. For current retiree members, actual subsidised spouse dependants were used and the potential for remarriage was ignored.

#### Medical Schemes

The municipality contributes to the following medical schemes on a monthly basis:

Bonitas	Keyhealth	Samwumed	LA Health	Sizwe-Hosmed
---------	-----------	----------	-----------	--------------

It is assumed that the continuation members and in service members will remain on the same medical scheme and option. In-service non-members were assumed to join Samwumed B, should they join a scheme by retirement and continue to receive the post-employment subsidy

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 17 EMPLOYEE BENEFITS (CONTINUED)

#### Sensitivity Analysis - Defined Benefit Obligation at year-end

The Defined-Benefit Obligation are based on a number of assumptions as indicated above. The extent to which the actual Defined-Benefit Obligation faced in the future by the Municipality differs from these results will depend on the extent to which actual experience differs from the assumptions made. The assumption which tends to have the greatest impact on the results is the medical aid contribution inflation rate relative to the discount rate. The impact of the aforementioned and the other significant assumptions are disclosed below:

Assumption	In-service members R m	Continuation members R m	Total liability R m	% change
Liability	13.545	32.697	46.242	
Medical aid contribution inflation rate				
+ 1%	16.017	35.388	51.405	11%
- 1%	11.553	30.325	41.878	-9%
Discount rate				
+ 1%	11.640	30.434	42.074	-9%
- 1%	15.932	35.299	51.231	11%
Post-employment mortality				
+ 1 year	13.221	31.550	44.771	-3%
- 1 year	13.866	33.850	47.716	3%
Average retirement age				
- 1 year	14.727	32.697	47.424	3%
Membership continuation				
- 10%	11.816	32.697	44.513	-4%

There were no changes from the previous reporting period in the methods and assumptions used in preparing the sensitivity analyses.

#### Expected contributions and maturity analysis

As there is no plan asset, the net defined benefit liability is equal to the defined benefit obligation. There are no specific funding arrangements and funding policy that affect future contributions, other than the funding and reserve policy of the municipality which aims to ensure that the cash position of the municipality remains sufficient to cover all working capital requirements (which includes contributions to the relevant medical schemes).

The municipality also has a reimbursement right for contributions made towards employees in the roads department as disclosed in note 11

The municipality expects to make contributions to the various medical schemes amounting to R 3 517 000 in the next financial year.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 17 EMPLOYEE BENEFITS (CONTINUED)

Maturity analysis of expected benefits to be paid in respect of the current eligible employees and continuation members can be illustrated as follows (Undiscounted):

Future years	Expected Benefit Payments R m	% contribution of bracket
Future year 1 to 10	45.835	8%
Future year 11 to 20	71.810	13%
Future year 21 to 30	103.550	19%
Future year 31 to 40	119.538	22%
Future year 41 to 50	106.055	20%
Future year 51 to 60	66.584	12%
Future year 61 to 70	24.180	4%
Future year 71 to 80	3.151	1%
<b>Total</b>	<b>540.703</b>	<b>100%</b>

The contributions subsequent 80 years (relating to current eligible employees and continuation member) is considered insignificant to be included in the analysis.

### 17.2 Long Service Awards

The movement in Long Service Awards is reconciled as follows:

	2024 R	2023 R
Opening Balance	6 308 000	6 073 000
Contribution during the year	1 293 000	1 189 000
Current Service Cost	578 000	545 000
Interest Expense	715 000	644 000
Payments made	(751 751)	(725 996)
Actuarial Gain	(275 249)	(228 004)
Change in Financial Assumptions	(85 000)	(359 000)
Change in Demographic Assumptions	-	-
Experience Adjustments	(666 751)	130 996
<b>Total balance at year-end</b>	<b>6 574 000</b>	<b>6 308 000</b>
Less Current Portion	758 000	663 000
<b>Total</b>	<b>5 816 000</b>	<b>5 645 000</b>

The following members are eligible for long service bonuses:

	2024	2023
In-service members	376	360

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 17 EMPLOYEE BENEFITS (CONTINUED)

#### Last Valuation and Actuarial Valuation Method

The last valuation was performed on 13 July 2024. The Projected Unit Credit Method has been used to value the liabilities.

#### Characteristics of Plan and Associated Risks

The municipality provides a long service award benefits as follows:

- The Municipality offers employees Long Service Awards for every five years of service completed, from ten years of service to 45 years of service, inclusive.
- In the month that each "Completed Service" milestone is reached, the employee is granted a Long Service Award.
- The award ranges from 4% of total earnings for the first "Completed Service" milestone reached (ie 10 years) up to 26.3% of total annual earnings for the last "Completed Service" milestone reached (ie 45 years)
- Earnings relates to the officials basic salary.
- The Municipality does not pay any pro-rata Long Service Awards

Notable benefit plan risks faced by the Municipality can be summarised as follows:

- Inflation: The risk that future CPI inflation and earnings inflation are higher than assumed and present in an uncontrolled manner.
- Termination of service: The risk that fewer eligible employees terminate their service at the Municipality i.e. more long service awards vest than expected.
- Volatility of open-ended, long-term Defined-Benefit Obligation: The risk that the Defined-Benefit Obligation may be volatile which is exacerbated by its long-term nature.
- Enforcement of eligibility criteria and rules: The risk that eligibility criteria and rules are not strictly or consistently enforced, to the detriment of the Municipality.
- Future changes in legislation: The risk that changes to legislation with respect to long service awards may increase the Defined-Benefit Obligation for the Municipality.

	2024	2023
Key Actuarial Assumptions used are as follows:		
<b>Interest Rates</b>		
Discount rate	11.56%	11.95%
CPI inflation rate	5.65%	6.25%
General earnings inflation rate	6.65%	7.25%
Net Discount Rate	4.61%	4.38%

The discount rate reflects the time value of money and is approximated with reference to the market yields at reporting date on government bonds.

#### Normal and Average Retirement Age

It has been assumed that in-service members will retire at age 62 for all employees (2023 - 62), which then implicitly allows for expected rates of early and ill-health retirement. Normal retirement is set at age 65.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 17 EMPLOYEE BENEFITS (CONTINUED)

#### Mortality Rates

The SA 85-90 is utilised as reference for mortality during employment.

#### Termination of Service

If an eligible employee leaves due to resignation or retrenchment, the employer's Defined-Benefit Obligation in respect of that employee ceases. The following termination rates are as follows:

	2024	2023
Age: 20 - 24	9.00%	9.00%
Age: 25 - 29	8.00%	8.00%
Age: 30 - 34	6.00%	6.00%
Age: 35 - 39	5.00%	5.00%
Age: 40 - 44	5.00%	5.00%
Age: 45 - 49	4.00%	4.00%
Age: 50 - 54	3.00%	3.00%
Age: 55 +	0.00%	0.00%

#### Sensitivity Analysis - Defined Benefit Obligation at year-end

The Defined-Benefit Obligation are based on a number of assumptions as indicated above. The extent to which the actual Defined-Benefit Obligation faced in the future by the Municipality differs from these results will depend on the extent to which actual experience differs from the assumptions made. The assumptions which tends to have the greatest impact on the results are as follows:

- the general earnings inflation rate assumption;
- the discount rate assumption;
- the average retirement age of employees; and
- assumed service termination rates.

The impact of the aforementioned assumptions are disclosed below:

#### Sensitivity Analysis - Liability at year-end

Assumption	Total liability R m	% change
Liability	6.574	
General earnings inflation rate		
+ 1%	7.000	6%
- 1%	6.191	-6%

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 17 EMPLOYEE BENEFITS (CONTINUED)

Assumption	Total liability R m	% change
Discount rate		
+ 1%	6.187	-6%
- 1%	7.011	7%
Average retirement age		
+ 2 years	7.556	15%
- 2 years	5.686	-14%
Rates of terminaton of service		
x 200 %	5.265	-20%
x 50 %	7.512	14%

There were no changes from the previous reporting period in the methods and assumptions used in preparing the sensitivity analyses.

#### Expected contributions and maturity analysis

As there is no plan asset, the net defined benefit liability is equal to the defined benefit obligation. There are no specific funding arrangements and funding policy that affect future contributions, other than the funding and reserve policy of the municipality which aims to ensure that the cash position of the municipality remains sufficient to cover all working capital requirements (which includes long service awards when it becomes due).

The municipality also has a reimbursement right for contributions made towards employees in the roads department as disclosed in note 11

The municipality expects to make long service awards payments amounting to R 758 000 in the next financial year.

Maturity analysis of expected benefits to be paid in respect of the current eligible employees can be illustrated as follows (Undiscounted):

Future years	Expected Benefit Payments R m	% contribution of bracket
Future year 1 to 10	11.358	21%
Future year 11 to 20	18.759	34%
Future year 21 to 30	20.322	37%
Future year 31 to 40	4.192	8%
<b>Total</b>	<b>54.631</b>	<b>100%</b>

The benefits vesting subsequent 40 years (relating to current eligible employees) is considered insignificant to be included in the analysis.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

17 EMPLOYEE BENEFITS (CONTINUED)	2024 R	2023 R
<b>17.3 Defined Contribution Plans</b>		
Council contributes to the following defined contribution plans:		
Municipal Councillors Pension Fund	-	84 082
SAMWU National Provident Fund	1 036 409	976 108
LA Retirement Fund	533 649	538 083
Consolidated Retirement Fund	14 110 099	12 750 534
<b>Total</b>	<b>15 680 156</b>	<b>14 348 808</b>

The retirement benefit fund is subject to the Pension Fund Act, 1956, with pension being calculated on the pensionable remuneration paid. Current contributions by Council are charged against expenditure on the basis of current service costs.

The municipality previously assessed the LA Retirement Fund and Consolidated Retirement Fund to be Multi-Employer Defined-Benefit Plans. This assessment was incorrect as the municipality is only liable for the required contributions to the fund and will not be liable for any shortfall in the fund (if any). This is in contrast to the former funds (Cape Joint Retirement Fund and Cape Joint Pension Fund) which were deemed to be Defined-Benefit Plans. Accordingly, all contributions previously disclosed as Defined-Benefit Plan contributions are now included as part of the Defined Contributions Plan contributions. All disclosures previously made in relation to Defined-Benefit Plans were also removed.

	2023 R
Defined-Benefit Plan contributions previously disclosed	13 288 617
Defined-Benefit Plan contributions reallocated to Defined Contribution Plans contributions	(13 288 617)
<b>Restated disclosure relating to Defined-Benefit Plan contributions</b>	<b>-</b>

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

	2024 R	2023 R
<b>18 NON-CURRENT PROVISIONS</b>		
Rehabilitation Provision - Landfill Sites	<u>1 462 293</u>	<u>1 248 052</u>
The movement in Rehabilitation Provision - Landfill Sites is reconciled as follows:		
Opening Balance	1 248 052	1 746 563
Contribution during the year	214 242	(498 511)
Increase/(Decrease) in estimate	65 723	(690 633)
Interest Cost	148 518	192 122
<b>Total balance at year-end</b>	<b>1 462 293</b>	<b>1 248 052</b>
Less Current Portion	-	-
<b>Total</b>	<b><u>1 462 293</u></b>	<b><u>1 248 052</u></b>

There is no current portion associated with this provision as the municipality does not intend to rehabilitate any landfill sites in the next financial year.

The total obligation at year-end can be attributed to the following sites:

	Expected Decommissioning Date	2024 R	2023 R
Site			
Karwyderskraal - Cell 1 and 2	2084	614 932	492 036
Karwyderskraal - Cell 3	2084	289 782	257 907
Karwyderskraal - Cell 4	2084	495 727	441 085
<b>Sub-Total</b>		<b><u>1 400 442</u></b>	<b><u>1 191 028</u></b>
Post Monitoring and Inspection		61 851	57 024
<b>Total</b>		<b><u>1 462 293</u></b>	<b><u>1 248 052</u></b>

Time value of money (discounting) is considered to be material. The discount rate is the rate associated with a liability of a similar risk and maturity as the provision. Due to the long term nature of this provision, which is estimated to be settled in 2084, the Long-Term Government Bond Yield as published by the Reserve Bank is deemed to be both an appropriate assessment of current market rates as well as the timeframes linked to the expected cash flows associated with the liability. The discount rate used was stated at 11.70 % (2023 – 11.90%).

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 18 NON-CURRENT PROVISIONS (CONTINUED)

	2024	2023
Estimated area to be rehabilitated (m <sup>2</sup> )		
- Cell 1 and 2	46 050	46 050
- Cell 3	23 600	23 600
- Cell 4	42 200	42 200

The cost of rehabilitation per square meter is based on the current cost of construction at each reporting period. The cost per square meter for Karwyderskraal is (R/m<sup>2</sup>):

- Cell 1 and 2	390	368
- Cell 3	399	376
- Cell 4	382	360

Based on current cost of construction (ie before any discounting due to time value of money) at each reporting period, the following rehabilitation estimates could be attributed to each site:

	2024	2023
	R	R
Karwyderskraal - Cell 1 and 2	17 947 876	16 938 594
Karwyderskraal - Cell 3	9 416 120	8 878 599
Karwyderskraal - Cell 4	16 108 071	15 184 591
<b>Total</b>	<b>43 472 067</b>	<b>41 001 784</b>

Environmental Specialists were utilised to determine the current cost of rehabilitation of landfill sites.

Refer to note 2 for investment ring fenced specifically for the future rehabilitation of Cell 4.

The post monitoring and inspection cost is estimated to occur for a period of 30 years subsequent to the decommissioning date of the facility. Karwyderskraal is expected to be decommissioned in 2084. The post monitoring and inspection cost is expected to be incurred over the period ranging from 2085 to 2114.

### 19 RESERVES

	2024	2023

The Minister for local government In terms of section 7 of the Remuneration of Public Office Bearers Act, 1998 is responsible to determine the upper limits of salaries of different members of Municipal Councils by notice in the gazette after consultation with the Member of Executive Councils (MECs) responsible for local government in each province and after, inter alia, taking into consideration the recommendations of the Commission.

The determination of the upper limits of salaries, allowances and benefits of the different members of municipal councils for the 2022/2023 financial year was only gazetted per Government Notice No. 3807 in Government Gazette No. 49142 on dated 18 August 2023. It was submitted to Council on 21 August 2023 where it was resolved that the new upper limits as gazetted be approved and implemented with effect 1 July 2022, subjected to the concurrence of the MEC responsible for Local Government in the Province. Approval from the MEC was only received on 4 September 2023 and consequently, the current financial year includes back pay amounting to R 332 788.

### 43 BUDGET COMPARISONS

#### 43.1 COMPARABLE BASIS

Differences were identified between the disclosure requirements in terms of GRAP and the reporting requirements in terms of National Treasury budget formats

The following items are affected by these classification differences:

#### Statement of Financial Position

The Statement of Financial Position is comparable on a line by line basis except for the following items:

Employee Benefits (Current Assets) are disclosed as Current portion of non-current receivables in the budget statement. Employee Benefits (Non-Current Assets) are disclosed as Non-current receivables from non-exchange transactions in the budget statement.

Taxes are disclosed as VAT in the budget statement under current receivables or current assets depending on the consolidated closing balance of VAT.

Current Portion of Long-Term Liabilities are disclosed as Financial liabilities (Current), while Long-Term Liabilities are disclosed as Borrowing (Non-Current).

Unspent Conditional Government Grants as well as payable relating to Roads Services (Exchange) are disclosed as Trade and other payables from non-exchange transactions in the budget statement.

Current Employee Benefits are disclosed Provisions (current) in the budget statement.

Employee Benefits (Non-Current) and Non-Current Provisions are disclosed as Provisions (Non-Current) in the budget statement.

The Capital Replacement Reserve are budgeted for separately as part of Reserves while it is disclosed as part of Accumulated Surplus in the Statement of Financial Position.

#### Statement of financial performance

In order to ensure that the actual results for the year is compared to the final budget on a comparable basis, the following reclassifications are done on the actuals to ensure alignment (Where applicable, the budget title is disclosed in brackets, where both the actuals and budgets figures are similar in nature, but the naming of the item differs between the two statements):

Significant reclassifications relating to expenditure are as follows:

Workmens Compensation is included as part of Employee Related Cost, while budgeted for as part of Operational Costs. Finance Charges relating to Post Retirement Medical Benefits are budgeted as part of Employee Related Costs, while disclosed as part o Finance Charges in the Statement of Financial Performance.

Inventory Consumed is included as part of Other Expenditure in the statement of financial performance, while being separated for disclosure in the budget statements.

Inventory Consumed is included as part of Other Expenditure in the statement of financial performance, while being separated for disclosure in the budget statements.

The difference on Contracted Services relates to minor discrepancies between Contracted Services and Other Expenditure/Operational Costs (i.e. Alien Vegetation Control)

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 43 BUDGET COMPARISONS (CONTINUED)

#### Cash Flow Statement

The Cash Flow Statement is presented on a comparable basis, except for the following:

The budget statement does not provide for all the different receipt classifications as per the cash flow statement. Roads Maintenance Services is separately disclosed on the cash flow statement, while it is budgeted for and included as part of Transfers and Subsidies - Operational in the budget comparisons.

Transfers and Grants are referred to as Transfers and Subsidies in the budget statement.

Capital assets under investing activities correlate to Purchase of Property, Plant and Equipment in the Cash Flow Statement.

#### 43.2 MATERIAL VARIANCES

##### Statement of financial position - Budget Adjustments

None

##### Statement of financial position - Budget versus Actual

Cash and cash equivalents	Improved position largely due to grants not fully spent at year end (specifically the Rural Roads Asset Management System grant)
Trade and other receivables from exchange transactions	Variance mainly due to outstanding fire services from Theewaterskloof Local Municipality and Western Cape Department of Public Works that was not foreseen in budget.
Property, plant and equipment	Variance due to insufficient budget for depreciation combined with capital budget not fully spent in current year.
Trade and other payables from non-exchange transactions	Decrease in Roads maintenance payable from the prior year partially offset by grants not fully spent in current year.
Provisions (Non-Current)	Variance due to actuarial gains not foreseen during budget process.
Accumulated Surplus	Variance due to improved operating performance. Refer to reasons disclosed in Statement of Financial Performance.

##### Statement of financial performance - Budget Adjustments

No Material Adjustments

##### Statement of financial performance - Budget versus Actual

Other Gains	Variance due to actuarial gains not foreseen during budget process.
Employee related costs	Budget in roads department for employee related costs insufficient to cover current year expenditure. The overspending is however offset by under performance on Inventory Consumed.
Inventory consumed	Refer to Employee Related Costs above.
Contracted services	Cost containment measures contributing to a reduction in the use of contractors.
Operational costs	VAT claims on Roads expenditure contributing to positive result.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 43 BUDGET COMPARISONS (CONTINUED)

#### Cash Flow Statement - Budget Adjustments

None

#### Cash Flow Statement - Budget versus Actual

Transfers and Subsidies - Operational	Cash flow budget did not take into account the significant Roads Maintenance payable that were spent in the current year, but not physically received in the current year.
Suppliers and Employees	The budgeted cash flow did not account for the significant decrease in Roads Maintenance payable that resulted in higher cash outflow than anticipated in the budget.
Cash/cash equivalents at the year end	Refer to reasons above

Refer to Appropriations Statement in note 58 for details relating to the original approved budget.

### 44 UNAUTHORISED, IRREGULAR, FRUITLESS AND WASTEFUL EXPENDITURE

#### 44.1 UNAUTHORISED EXPENDITURE

Unauthorised expenditure consist out of the following:

Opening balance	-	1 416 437
Unauthorised expenditure current year - operating	-	-
Unauthorised expenditure current year - capital	-	-
Approved by Council	-	(1 416 437)

### 44 UNAUTHORISED, IRREGULAR, FRUITLESS AND WASTEFUL EXPENDITURE (CONTINUED)

#### 44.2 FRUITLESS AND WASTEFUL EXPENDITURE

None

#### 44.3 IRREGULAR EXPENDITURE

Irregular expenditure consist out of the following:

	2024 R	2023 R
Opening balance	6 369 820	4 746 483
Irregular expenditure incurred	11 425 466	4 154 517
Approved by Council	(3 746 457)	(2 531 180)
<b>Irregular expenditure awaiting approval</b>	<b>14 048 830</b>	<b>6 369 820</b>
Details of Irregular expenditure incurred :		
Invalid Deviation - Karwyderskraal Annuity Loan (Interest)	1 491 286	1 927 565
Invalid Deviations - Non-Compliance with Regulation 36 (1) Of the Municipal Supply Chain Management Regulations	972 809	-
Non-compliance with PPPFA and the regulations of PPR 2022	5 446 213	1 818 892
Non-compliance with section 112(1) of the MFMA - utilisation of a panel	2 925 229	-
Non-compliance with Regulation 19(a) of the Municipal Supply Chain Management Regulations	391 284	408 060
Out of scope work performed on tender (Karwyderskraal Upgrade)	198 646	-
<b>Total</b>	<b>11 425 466</b>	<b>4 154 517</b>

The Invalid Deviation resulting in the irregular expenditure will be included in the financial statements up to the 2026/2027 financial year when the related long term loan is fully repaid.

Non-compliance with Regulation 19(a) of the Municipal Supply Chain Management Regulations was identified by the municipality due to fact that no competitive bidding or alternative processes were followed in the appointment of Telkom SA SOC Ltd with effect from 6 December 2018. The prior year figures were restated to include irregular expenditure amounting to R 2 215 304 up to 30 June 2022 with the comparative year being updated to include R 408 060.

No disciplinary steps or criminal proceedings were instituted as a result of irregular expenditure incurred.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 47 FINANCIAL RISK MANAGEMENT

The municipality is potentially exposed to the following risks:

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation.

#### 47.1 Credit Risk

The following financial assets are exposed to credit risk:

	2024 R	2023 R
Cash and Cash Equivalents	77 584 843	87 936 406
Receivables from exchange transactions	8 498 676	4 569 022
Receivables from non-exchange transactions	559 828	548 149
<b>Total</b>	<b>86 643 347</b>	<b>93 053 577</b>

There were no changes in the approach how credit risk is managed during the period under review.

#### Cash and Cash Equivalents

Deposits of the municipality is only held at reputable banks that are listed on the JSE. The credit quality is regularly monitored through required SENS releases by the various banks. The risk pertaining to these deposits are considered to be very low.

There are no restrictions on the cash deposits held and no cash were pledged as security. No collateral is held for any cash and cash equivalents.

Credit risk is further managed and guided by the Cash Management and Investment Policy.

#### Receivables from Exchange and Non-Exchange Transactions

Receivables comprise of a large number of users, dispersed across different sectors and geographical areas. Ongoing credit evaluations are performed on the financial condition of these receivables. Credit risk pertaining to receivables are considered to be moderate due the diversified nature of receivables and immaterial nature of individual balances. In the case of consumer debtors the municipality effectively has the right to terminate services to customers but in practice this is difficult to apply. In the case of debtors whose accounts become in arrears, Council endeavours to collect such accounts by "levying of penalty charges", "demand for payment", "restriction of services" and, as a last resort, "handed over for collection", whichever procedure is applicable in terms of Council's Credit Control and Debt Collection Policy.

Receivables are disclosed after taking into account the provision for impairment raised against each class of receivable.

Receivables are payable within 30 days. All receivables outstanding for more than 30 days are considered to be past due.

Refer to notes 3 and 4 for more information regarding the provision for impairment raised against each service type as well as receivables considered to be past due.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 47 FINANCIAL RISK MANAGEMENT (CONTINUED)

No impairment charge is raised against current receivables which are not considered to be past due. The credit risk relating to these receivables are considered low. This is due to the fact that the outstanding balance mainly relates to outstanding monies from local municipalities in the municipal area.

There are no individual material debtors that are assessed individually for impairment

Also refer to note 3 and 4 for more information regarding balances renegotiated beyond the original 30 days payment period initially granted. No debt was renegotiated during the period under review.

No receivables were pledged as security for liabilities and no collateral is held from any consumers (other than consumer deposits).

The following service receivables are past due, but not impaired:

	2024 R	2023 R
Electricity	5 606	2 391
Water	43 837	27 388
Housing rental	57	12 543
Sundry Debtors	5 387 370	2 166 912
Legal Fees Recovered	5 082	6 986
<b>Total</b>	<b>5 441 952</b>	<b>2 216 220</b>

These receivables can be aged as follows:

1 Month Past due	765 941	1 454 876
2 Months Past due	2 730 914	204 835
3 Months Past due	56 106	53 987
> 3 Months Past due	1 888 991	502 521
<b>Total</b>	<b>5 441 952</b>	<b>2 216 220</b>

#### 47.2 Currency risk (Market Risk)

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The financial instruments of the municipality are not directly exposed to any currency risk.

#### 47.3 Interest rate risk (Market Risk)

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The following balances are exposed to interest rate fluctuations:

Cash and Cash Equivalents (Excluding Cash on Hand)	77 584 243	87 935 806
Long-term Liabilities (Including Current Portion)	(11 222 726)	(16 589 374)
<b>Net balance exposed</b>	<b>66 361 517</b>	<b>71 346 432</b>

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 47 FINANCIAL RISK MANAGEMENT (CONTINUED)

Potential effect (which is based on management's assessment of the potential interest rate spread during the next financial year based on current market conditions) of changes in interest rates on surplus and deficit for the year:

	2024 R	2023 R
0.5% (2023 - 0.5%) increase in interest rates	331 808	356 732
0.5% (2023 - 0.5%) decrease in interest rates	(331 808)	(356 732)

Management does not foresee significant interest rate movements during the next 12 months.

#### 47.4 Liquidity risk

Liquidity risk is the risk encountered by an entity in the event of difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Liquidity risk is mitigated by approving cash funded budgets at all times to ensure commitments can be settled once due over the long term. The municipality also monitors its cash balances on a daily basis to ensure cash resources are available to settle short term obligations.

The following balances are exposed to liquidity risk:

	PAYABLE (R)		
	Within 1 Year	Two to five years	After five years
<b>30 JUNE 2024</b>			
Annuity Loans	5 611 160	7 013 951	-
Finance Lease Liabilities	111 780	-	-
Payables from exchange transactions	6 309 952	-	-
<b>Total</b>	<b>12 032 892</b>	<b>7 013 951</b>	<b>-</b>
<b>30 JUNE 2023</b>			
	Within 1 Year	Two to five years	After five years
Annuity Loans	5 611 160	12 625 111	-
Finance Lease Liabilities	1 349 580	113 560	-
Payables from exchange transactions	18 450 675	-	-
<b>Total</b>	<b>25 411 415</b>	<b>12 738 671</b>	<b>-</b>

The liquidity risk is further managed and guided by the Liquidity Policy.

There were no changes to the exposure to liquidity risk and how the risk is managed during the period under review.

#### 47.5 Other price risk (Market Risk)

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

The municipality is not exposed to any other price risk.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

	2024 R	2023 R
<b>48 FINANCIAL INSTRUMENTS</b>		
The municipality recognised the following financial instruments (All balances are recognised at amortised cost.)		
<u>Financial Assets</u>		
Cash and Cash Equivalents	77 584 843	87 936 406
Receivables from exchange transactions	8 498 676	4 569 022
Receivables from non-exchange transactions	559 828	548 149
<b>Total</b>	<b>86 643 347</b>	<b>93 053 577</b>
<u>Financial Liabilities</u>		
Current Portion of Long-term Liabilities	4 703 994	5 364 871
Payables from exchange transactions	6 309 952	18 450 675
Long-term Liabilities	6 518 731	11 224 503
<b>Total</b>	<b>17 532 678</b>	<b>35 040 049</b>

### 49 STATUTORY RECEIVABLES

#### Taxes

VAT Refundable from SARS	303 395	480 996
<b>Total</b>	<b>303 395</b>	<b>480 996</b>

VAT receivable from SARS is considered to be Statutory Receivable. Input Vat in Suspense is not included in the disclosure as there are no transaction to “settle” with a specific counterparty (SARS) at year-end.

### 50 EVENTS AFTER REPORTING DATE

The Minister for local government In terms of section 7 of the Remuneration of Public Office Bearers Act, 1998 is responsible to determine the upper limits of salaries of different members of Municipal Councils by notice in the gazette after consultation with the Member of Executive Councils (MECs) responsible for local government in each province and after, inter alia, taking into consideration the recommendations of the Commission.

The determination of the upper limits of salaries, allowances and benefits of the different members of municipal councils has been gazetted after the financial year (2023/24) reporting date per Government Notice No. 5435 in Government Gazette No. 51407, dated 17 October 2024. It was submitted to Council on 22 October 2024 where it was resolved that the new upper limits as gazetted be approved and implemented with effect 1 July 2023, subjected to the concurrence of the MEC responsible for Local Government in the Province. The impact is calculated at R 179 396 if the upper limits is approved by the MEC. MEC approval was obtained on 29 October 2024.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 51 IN-KIND DONATIONS AND ASSISTANCE

The Municipality received the following services in kind:

The Municipality is providing a project service to Community Development Workers in the Swellendam Municipal area. The project leads deployed in the district are remunerated by the Western Cape Provincial Administration (2022/2023 and 2023/2024).

The National Department of Environmental Affairs is providing the Municipality with the Working of Fire Team, a helicopter for fire fighting and the Working for the Coast team for the clearing of Alien vegetation.

The Municipality is operating a resort (Uilenkraalsmond) on land owned by the National Government of the Republic of South Africa.

None of the abovementioned is considered significant to the operations of the Municipality

### 52 PRIVATE PUBLIC PARTNERSHIPS (PPP's)

The municipality did not enter into any PPP's in the current and prior year.

### 53 CONTINGENT LIABILITIES

The municipality was exposed to the following contingent liabilities at year end:

#### 53.1 LABOUR COURT – Matter between OVERBERG DISTRICT MUNICIPALITY and IMATU OBO SPANGENBERG & OTHERS and 2 other Respondents

Judgement was handed down on 19 December 2022 and the arbitration award reviewed was set aside. The court further ordered that by 15 February 2023, the Grievants, singly or jointly, and the Applicant must submit any written representations they wish to make to the Western Province Provincial Audit Committee, mentioned in clause 2.7 of the TASK Job Evaluation Policy adopted by the Overberg District Municipal Council on 3 December 2013, on why any of the initial or revised evaluations are correct. Furthermore, by 30 March 2023, the Western Province Provincial Audit Committee ('PAC'), shall decide which of the initial or revised evaluations are correct after considering any such representations by the Grievants and the Applicant, which decision shall be final. Also that the decision of the PAC under paragraph 3.2 shall be implemented by the Applicant with retrospective effect to May 2015, within 30 days of the decision being made. Submissions were made by both parties to the PAC and the outcome of the PAC was received on 30 March 2023. The PAC resolved that it is not within the responsibilities and powers of the PAC which of the initial or revised evaluations are correct. The PAC cannot decide for any municipality what the content of the job descriptions should be unless the content is not in line with the approved structure. It was therefore not possible for the PAC to decide which set of evaluations is correct as both set of results was found to be correct at the time of their evaluation. Both results were the products of implementation of the TASK evaluation processes in 2015 and 2016 and cannot be invalidated in this manner.

IMATU applied for leave to appeal the judgment to the Labour Appeal Court, LAC) which ODM has opposed. However, Judge La Grange of the Cape Town Labour Court (LC), granted leave to appeal to the LAC, which ODM is opposing. It is important to note that the appeal is limited only to the relief granted by Judge La Grange in the LC Judgment, and not the merits of ODM's success in the LC judgment in reviewing and setting aside the arbitration award of the SALGBC. The appeal process is a lengthy one and it is doubtful that it will be heard and determined before the end of the 2023-2024 Financial year.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 53 CONTINGENT LIABILITIES (CONTINUED)

Thus, anticipated costs and contingent liabilities will be limited, in the foreseeable future, to the legal costs incurred by John MacRobert Attorneys (JMA) and related service providers such as Counsel, Justine Quince, Prof Alan Rycroft, disbursements etc in opposing the appeal. ODM, based on legal advice received from JMA, is cautiously optimistic that IMATU's appeal will fail and be dismissed, (although the Labour Courts seldom grant adverse orders as to costs), and that there will thus be no further monetary contingent liability to ODM in respect of this litigious matter other than further legal costs, which we anticipate will be in the range, all-in, disbursements included, to be in the region of R150,000.00. If the appeal succeeds in whole or in part, it is simply impossible at this point to predict what relief the LAC may award to IMATU, and what the financial implications of that may contain. The PAC's ruling/assessment of 2016, has been implemented in full. IMATU has not disclosed in its appeal precisely what relief it is seeking.

On 29 August 2023, the appeal record was served by the Labour Appeal Court, where both the appellant (IMATU & Others) and the respondent (ODM) are required to deliver their Heads of Arguments, respectively on 29 September 2023 and 27 October 2023.

The Head of Argument was filed on 27 October 2023 and appeal has been set down for hearing in the Labour Appeal Court on 17 September 2024 at 10:00.

#### 53.2 Carel Hendrik Benson and 22 Others (Plaintiffs) versus Overstrand Municipality, Overberg District Municipality and 3 Others (Defendants) Betty's Bay Fire

The second matter is in respect of the case Carel Hendrik Benson and 21 Others (Plaintiffs) versus Overstrand Municipality, Overberg District Municipality and 2 Others (four Defendants) relating to the Betty's Bay Fire that occurred in the Overstrand jurisdictional area. ODM is the 2nd Defendant. The joint claim amounts to R15 372 632.42. A plea to the summons and a plea to a 3rd party notice by Overstrand Municipality was filed, together with a counterclaim based on an indemnity agreement between Overstrand and ODM. Overstrand Municipality pleaded thereto. Pleadings will continue to be exchanged and the Attorneys are currently busy with their discovery process in preparation for trial. It is expected that the indemnity provision by Overstrand Municipality in favour of ODM will prevail.

### 54 RELATED PARTIES

Related parties are defined in note 1.35

Key Management and Councillors receive and pay for services on the same terms and conditions as other ratepayers / residents.

All charges are in accordance with approved tariffs that were advertised to the public. No bad debt expenses have been recognised in respect of amounts owed by related parties.

Remuneration of Key Personnel and Councillors are disclosed in notes 28 and 29

No purchases were made during the year where Councillors, Management or Employees have an interest.

### 55 B-BBEE PERFORMANCE

Information on compliance with the B-BBEE Act is included in the annual report under the section titled B-BBEE Compliance Performance Information.

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 56 NON-LIVING RESOURCES

Management identified the following non-living resources (other than land):

- None

### 57 SEGMENT REPORTING

#### 57.1 General information

The segments were organised based on the type and nature of service delivered by the Municipality. These services are delivered in various municipal departments, which for reporting purposes are allocated to a standardised functional area (guided by mSCOA regulations). Budgets are prepared for each functional area and the budget versus actual amounts are reported on a monthly basis. Information reported about these segments is used by management as a basis for evaluating the segments' performances and for making decisions about the allocation of resources. The disclosure of information about these segments is also considered appropriate for external reporting purposes.

The Municipality has 26 departments/functional areas and accordingly the segments were aggregated for reporting purposes as follows:

No	Reportable Segment	Goods and/or services delivered
1	Executive and Council	Provide overall governance and oversight to the municipality as a whole.
2	Finance and administration	Supply administrative and related support to all segments
3	Internal audit	Independent segment to strengthen the governance of the municipality
4	Sport and recreation	Maintenance and operation of holiday resorts, LED and Tourism.
5	Public safety	Firefighting and emergency services
6	Health	Municipal Health services
7	Planning and development	Corporate wide Strategic planning
8	Road transport	Maintenance of provincial roads
9	Environmental protection	Environmental services
10	Waste management	Refuse Dumping Services (Karwyderskraal)

# OVERBERG DISTRICT MUNICIPALITY

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDING 30 JUNE 2024

### 57 SEGMENT REPORTING

#### 57.2 Reporting on segment assets and liabilities

The Municipality has assessed that assets and liabilities associated with each segment are not used by management for decision making purposes, and neither is it being reported on. Assets and liabilities are utilised by management to assess key financial indicators for the municipality as a whole. Accordingly, the assets and liabilities per segment is not required to be disclosed.

#### 57.3 Geographic Segment Reporting

Although the Municipality operates in a number of geographical areas, the geographical information is not considered relevant to management for decision-making. The goods and services provided to the community throughout the entire municipal area are based on similar tariffs and service standards. Therefore, the Municipality has assessed that it operates in a single geographical area.

#### 57.4 Measurement of specific segment information

The accounting policies of the respective segments are the same as those prescribed in the summary of significant accounting policies.

The Municipality had no changes to the structure of its internal organisation in a manner that caused the composition of its reportable segments to change from the prior year.

Information about the surplus/(deficit) and capital expenditure of the respective segments are disclosed as follows:
